Mounting Details

Détails du Montage

Monteren zonder ringen met uitzondering van schoordrukker en schoorkolom
Montage ohne Ringe mit Ausnahme von Kreuzdrucker und Strebe Stütze
Mount without rings with exception of Column for brace and brace column
Montage sans anneaux à l' exception des appuis et des contreventements de
jambe de force sur sol

CE merk bout en moer zichtbaar na montage
CE-Marke-Schraube und Mutter nach der Montage sichtbar
CE brand bolt and nut visible after mounting
CE marque boulon et écrou visible après montage

Type 1:

Alleen gaten Ø13 voor montage

Nur Löcher Ø13 für Montage

Only holes Ø13 for mounting.

Seulement trous Ø13 pour le montage

Type 2:

Doorlopende bevestigingsgaten Ø13 zonder grote doorsteekgaten

Durchlaufende Befestigungslöcher Ø13 ohne große Löcher

Continuous fastening holes Ø13 without large holes

Trous de fixation continus Ø13 sans grands trous de perçage

Type 3:

Doorlopende bevestigingsgaten Ø13 met grote doorsteekgaten

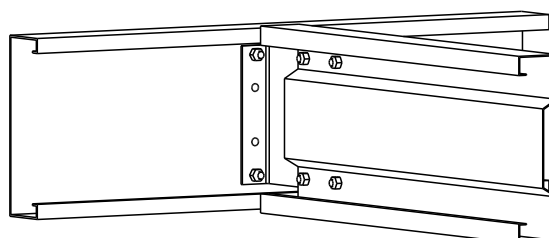

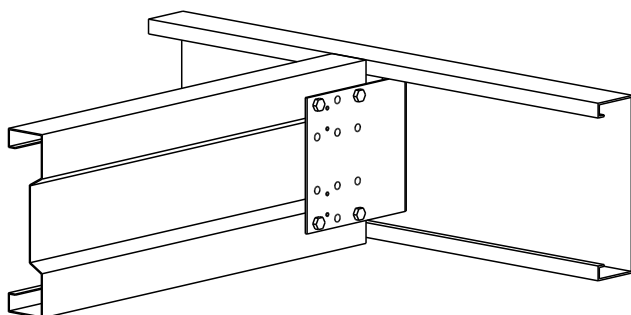

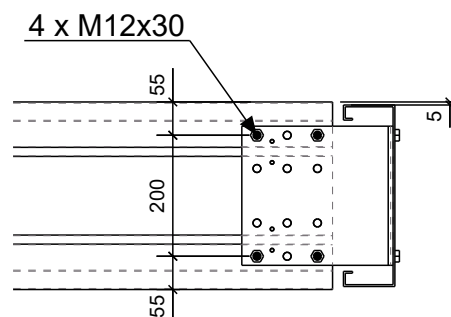

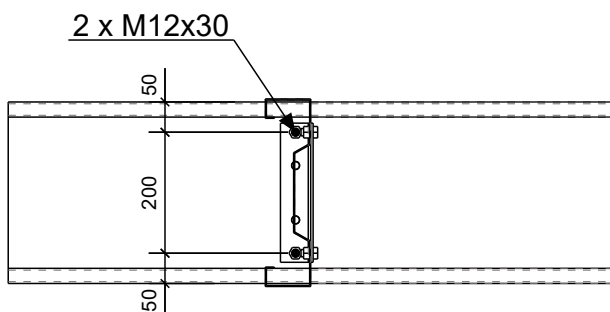

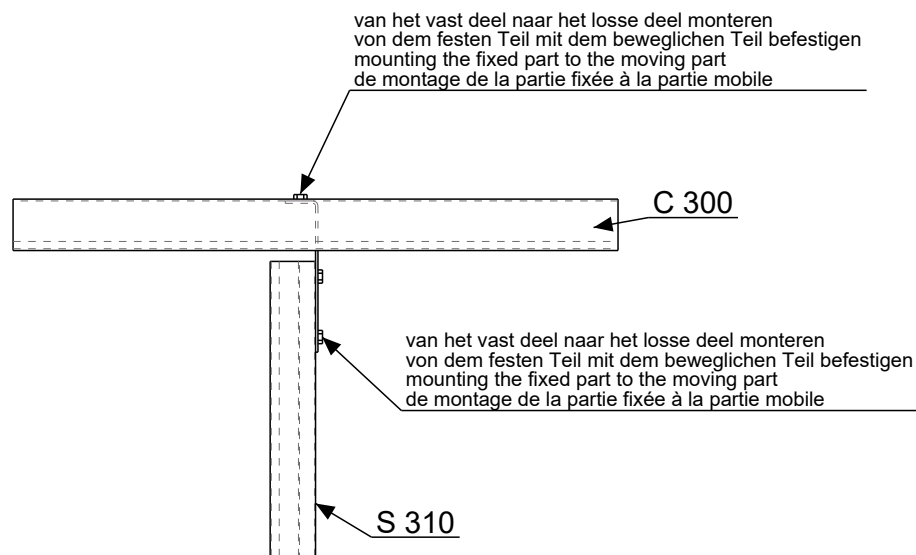

Durchlaufende Befestigungslöcher Ø13 mit großen Löchern

Continuous fastening holes Ø13 with large holes.

Trous de fixation continus Ø13 avec des grands trous de perçage

Verbinding kinderbalk / moederbalk
 Verbindung Querträger / Hauptträger
 Connection secondary beam / major beam
 Assemblage solive / poutre

Alleen gaten Ø13 voor montage
 Nur Löcher Ø13 für Montage
 Only holes Ø13 for mounting
 Seulement trous Ø13 pour le montage

Verbinding kinderbalk / moederbalk
 Verbindung Querträger / Hauptträger
 Connection secondary beam / major beam
 Assemblage solive / poutre

Doorlopende bevestigingsgaten Ø13 met grote doorsteekgaten
 Durchlaufende Befestigungslöcher Ø13 mit großen Löchern
 Continuous fastening holes Ø13 with large holes
 Trous de fixation continus Ø13 avec des grands trous de perçage

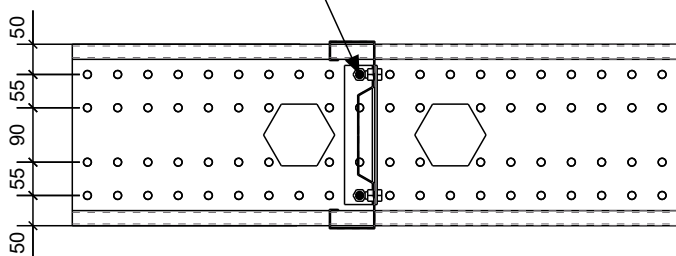

van het vast deel naar het losse deel monteren
 von dem festen Teil mit dem beweglichen Teil befestigen
 mounting the fixed part to the moving part
 de montage de la partie fixée à la partie mobile

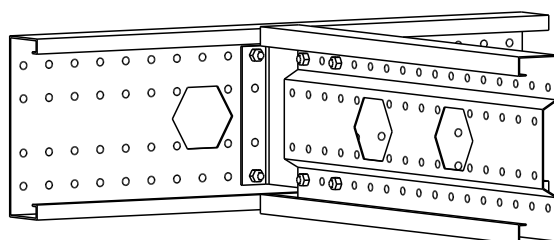

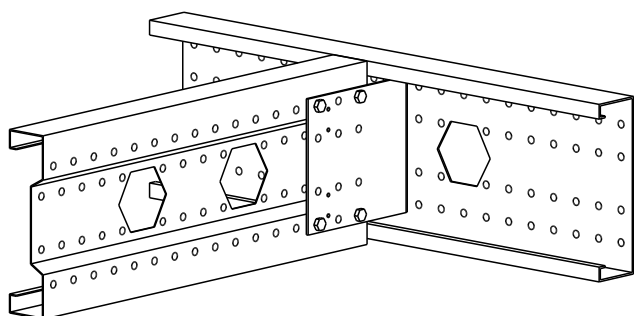

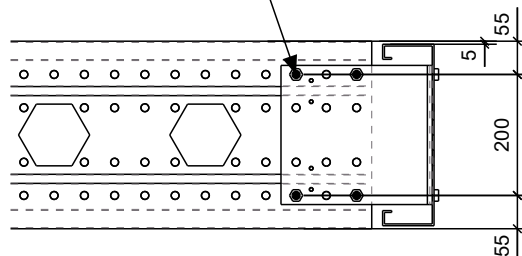

van het vast deel naar het losse deel monteren
 von dem festen Teil mit dem beweglichen Teil befestigen
 mounting the fixed part to the moving part
 de montage de la partie fixée à la partie mobile

2 x M12x30

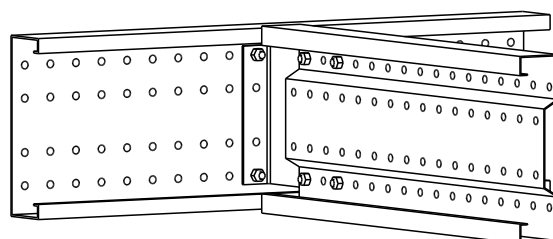

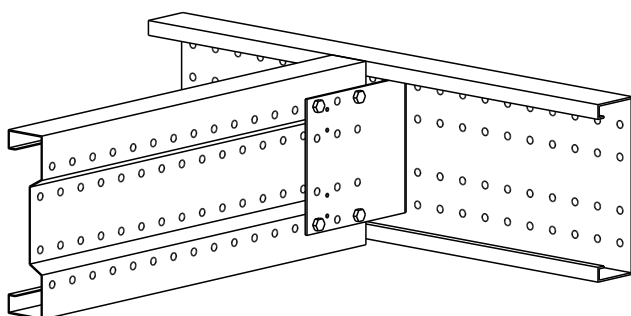

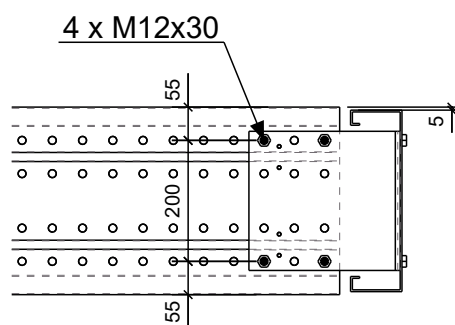

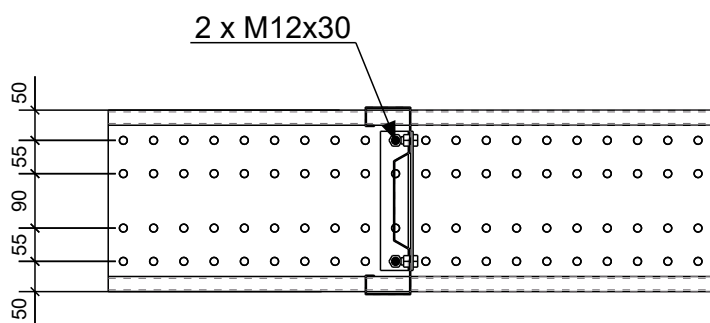

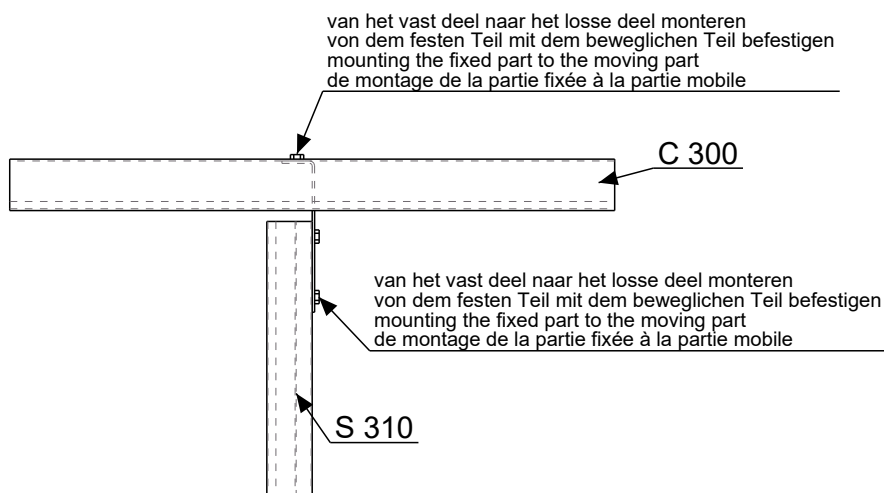

4 x M12x30

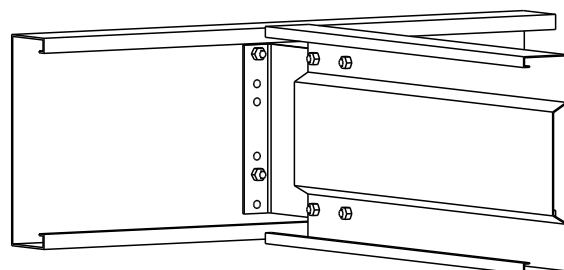

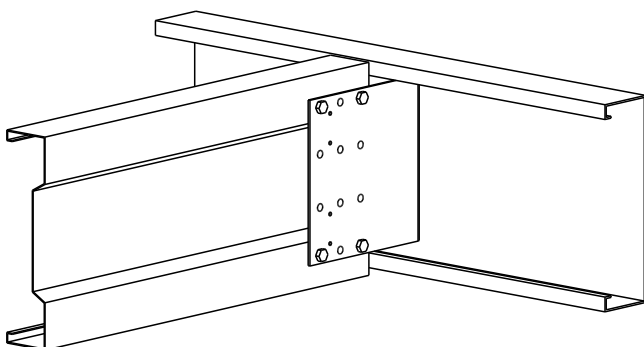

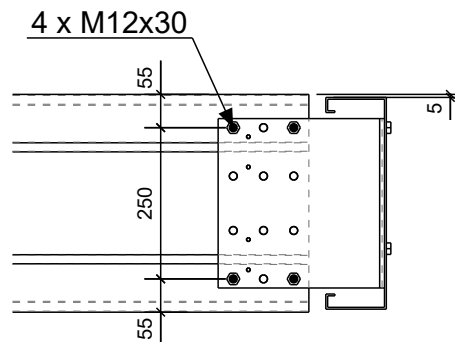

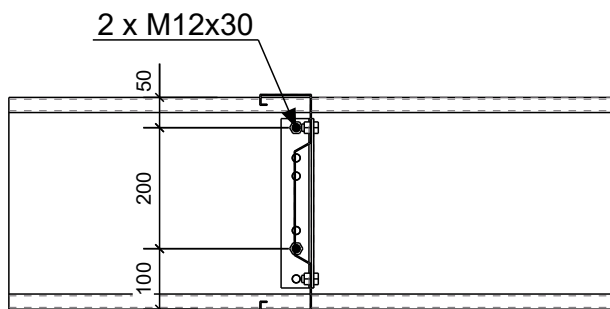

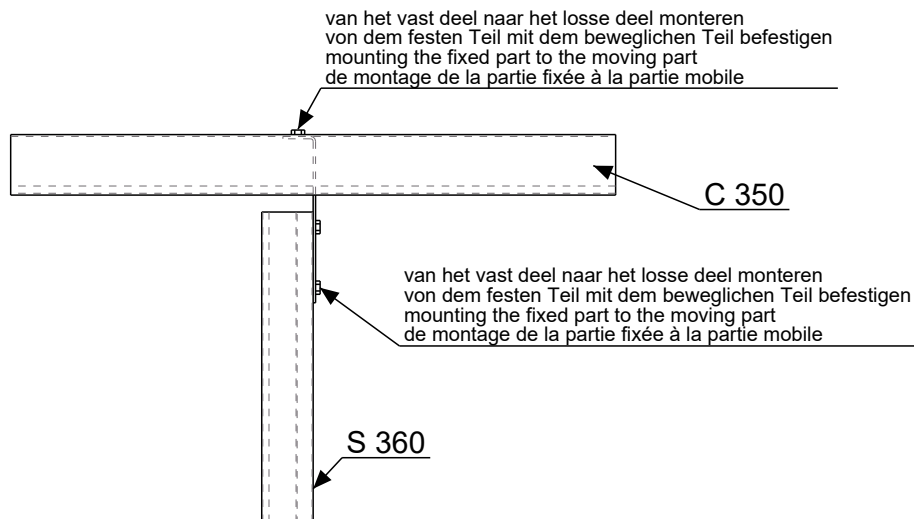

Verbinding kinderbalk / moederbalk
 Verbindung Querträger / Hauptträger
 Connection secondary beam / major beam
 Assemblage solive / poutre

Doorlopende bevestigingsgaten Ø13 zonder grote doorsteekgaten
 Durchlaufende Befestigungslöcher Ø13 ohne große Löcher
 Continuous fastening holes Ø13 without large holes
 Trous de fixation continus Ø13 sans grands trous de perçage

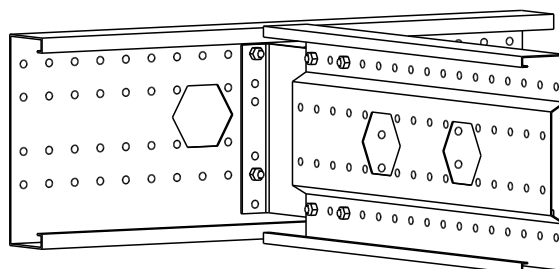

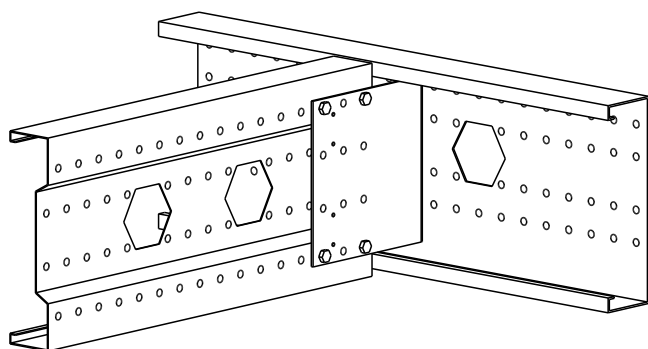

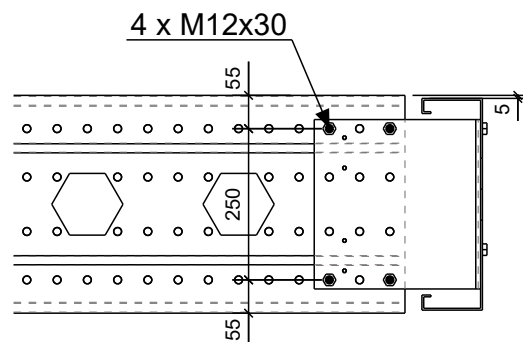

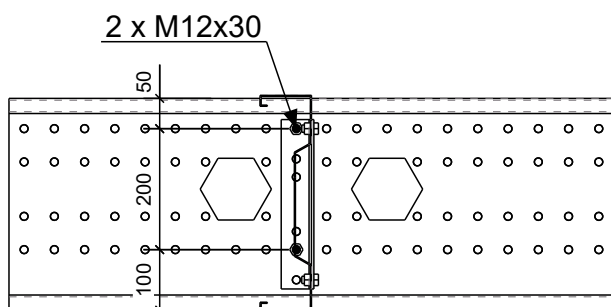

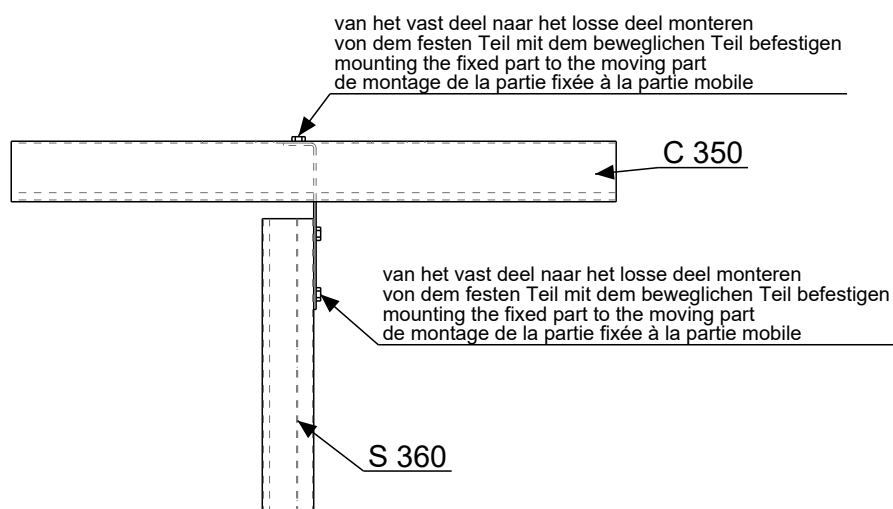

Verbinding kinderbalk / moederbalk
 Verbindung Querträger / Hauptträger
 Connection secondary beam / major beam
 Assemblage solive / poutre

Alleen gaten Ø13 voor montage
 Nur Löcher Ø13 für Montage
 Only holes Ø13 for mounting
 Seulement trous Ø13 pour le montage

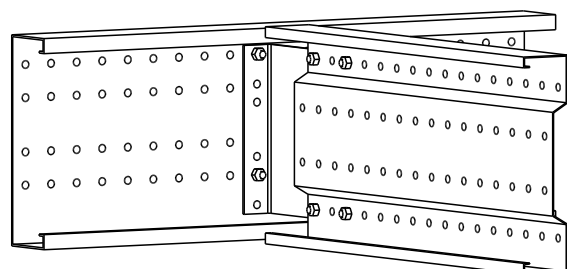

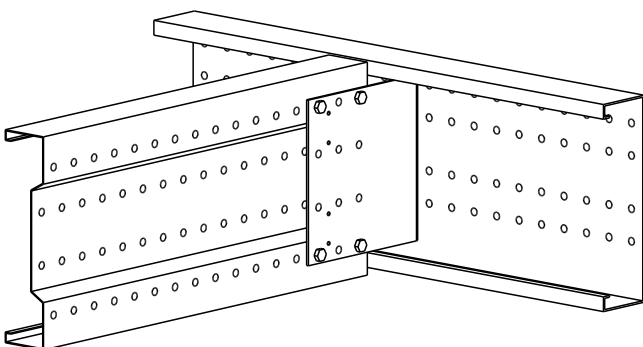

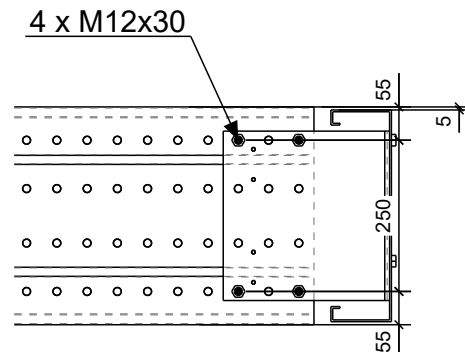

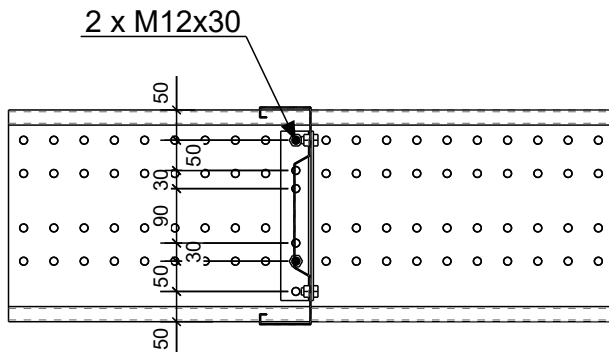

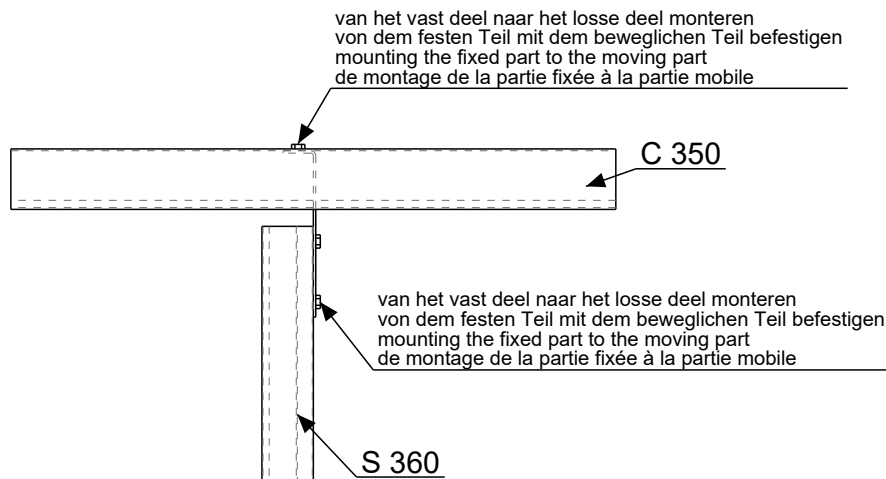

Verbinding kinderbalk / moederbalk
 Verbindung Querträger / Hauptträger
 Connection secondary beam / major beam
 Assemblage solive / poutre

Doorlopende bevestigingsgaten Ø13 met grote doorsteekgaten
 Durchlaufende Befestigungslöcher Ø13 mit großen Löchern
 Continuous fastening holes Ø13 with large holes
 Trous de fixation continus Ø13 avec des grands trous de perçage

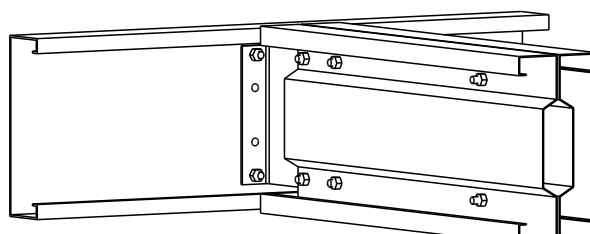

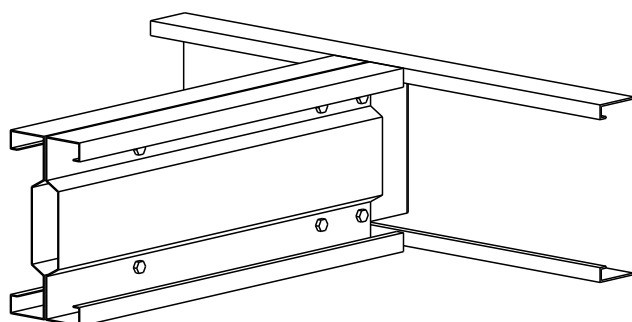

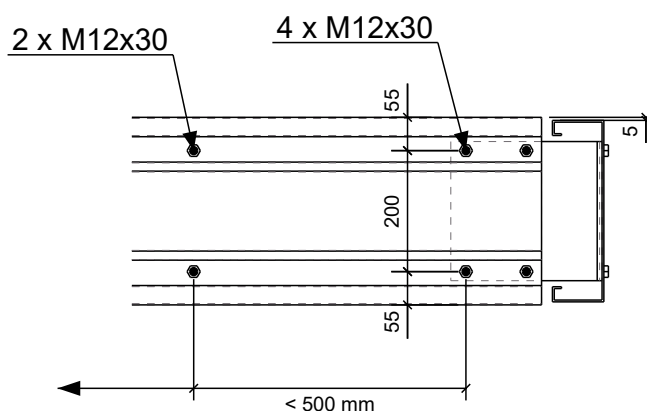

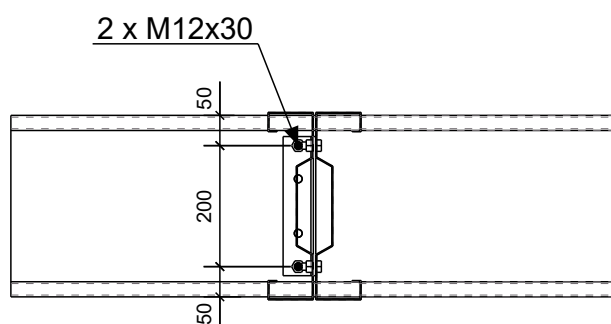

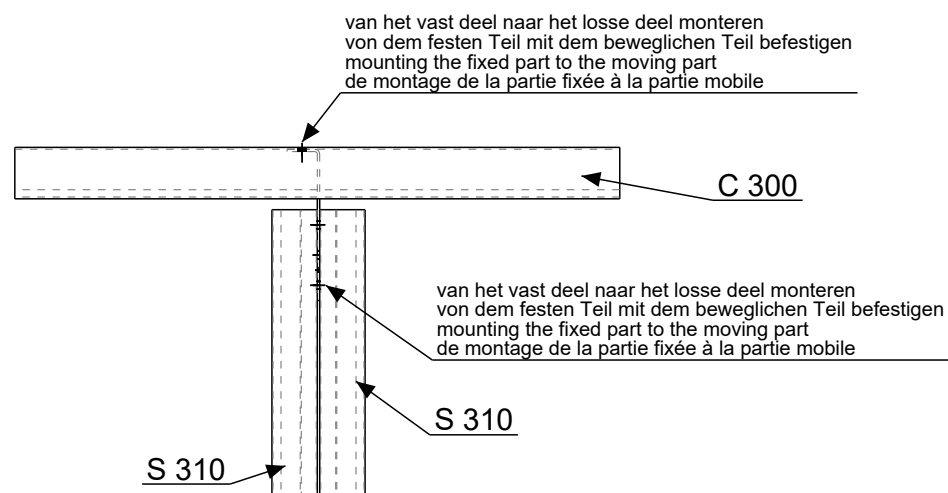

Verbinding kinderbalk / moederbalk
 Verbindung Querträger / Hauptträger
 Connection secondary beam / major beam
 Assemblage solive / poutre

Doorlopende bevestigingsgaten Ø13 zonder grote doorsteekgaten
 Durchlaufende Befestigungslöcher Ø13 ohne große Löcher
 Continuous fastening holes Ø13 without large holes
 Trous de fixation continus Ø13 sans grands trous de perçage

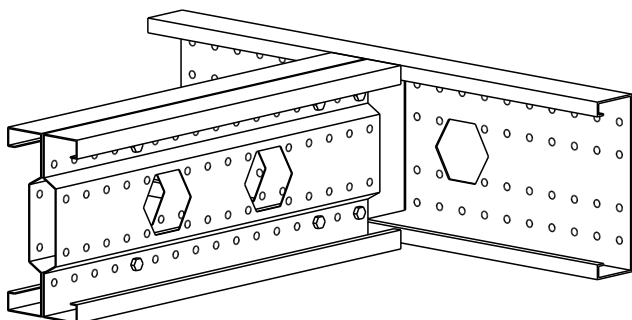

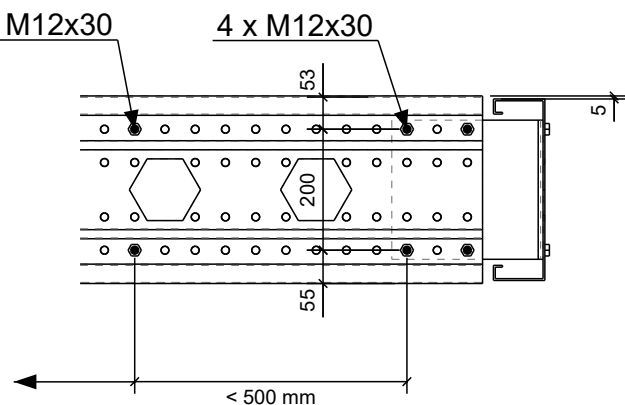

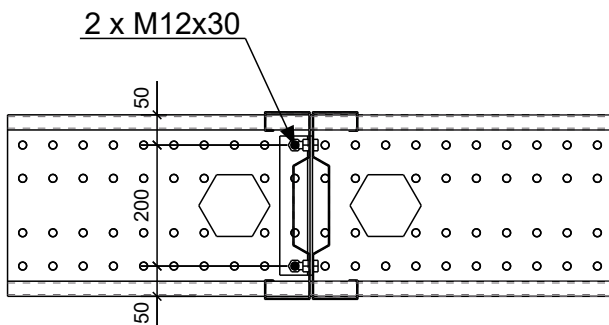

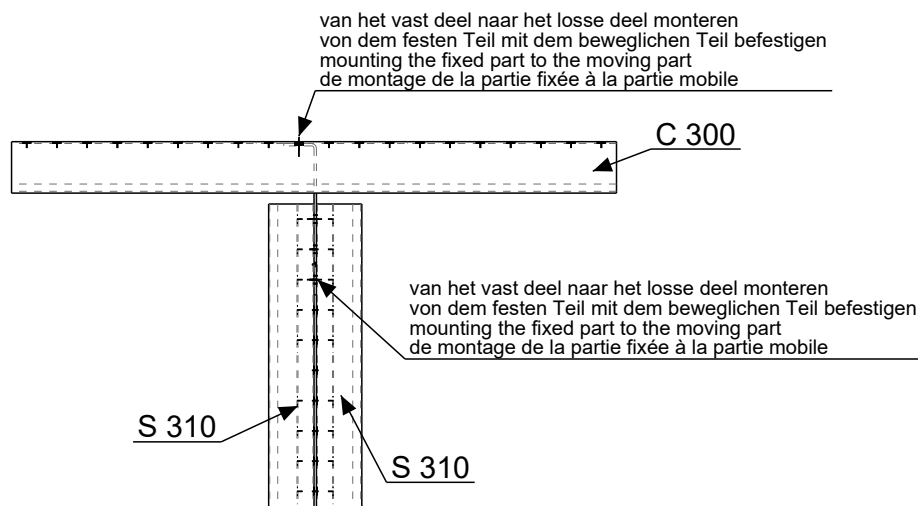

Verbinding dubbele kinderbalk / moederbalk
 Verbindung doppelt Querträger / Hauptträger
 Connection double secondary beam / major beam
 Assemblage solive / poutre double

Alleen gaten Ø13 voor montage
 Nur Löcher Ø13 für Montage
 Only holes Ø13 for mounting
 Seulement trous Ø13 pour le montage

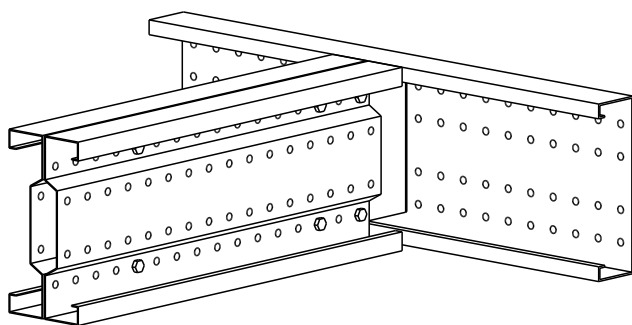

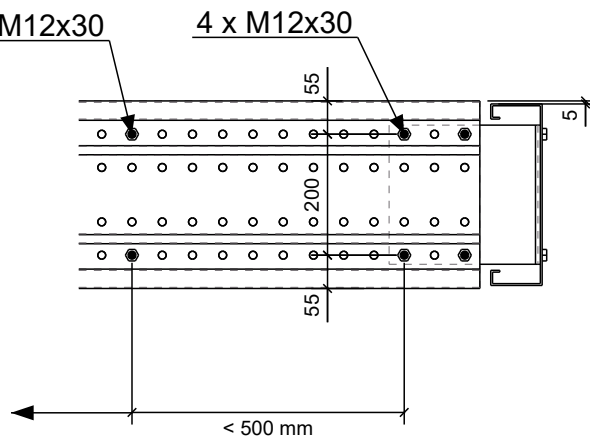

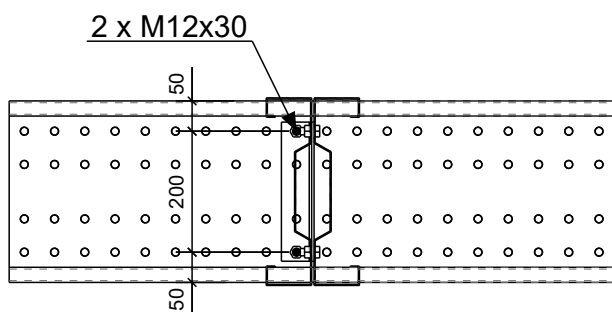

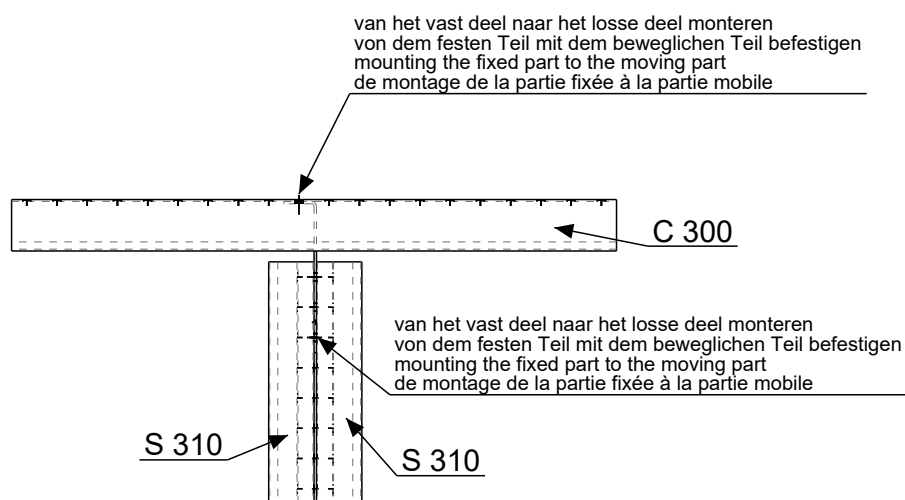

Verbinding dubbele kinderbalk / moederbalk
 Verbindung doppelt Querträger / Hauptträger
 Connection double secondary beam / major beam
 Assemblage solive / poutre double

Doorlopende bevestigingsgaten Ø13 met grote doorsteekgaten
 Durchlaufende Befestigungslöcher Ø13 mit großen Löchern
 Continuous fastening holes Ø13 with large holes
 Trous de fixation continus Ø13 avec des grands trous de perçage

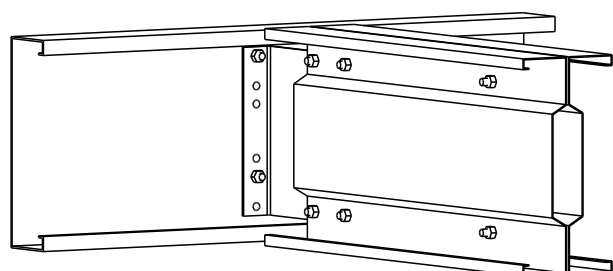

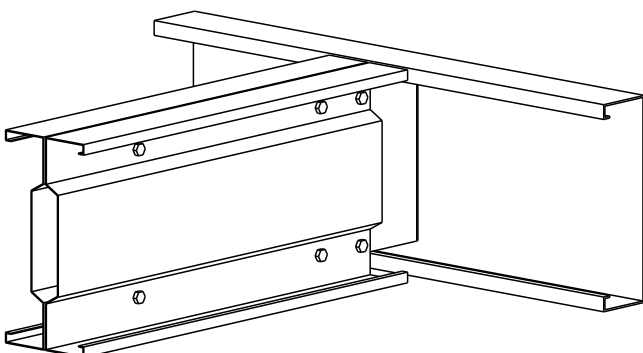

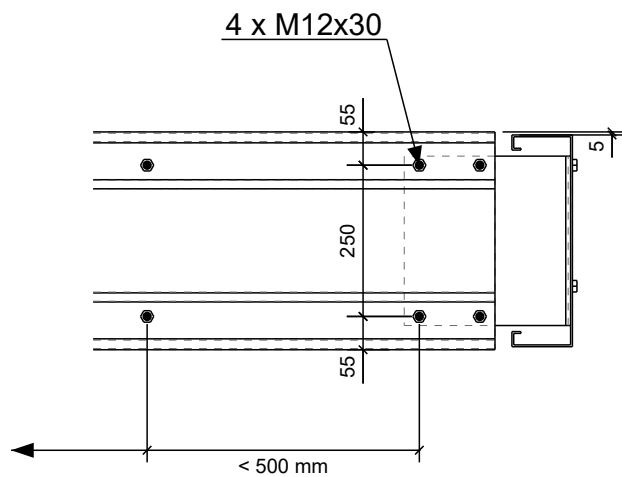

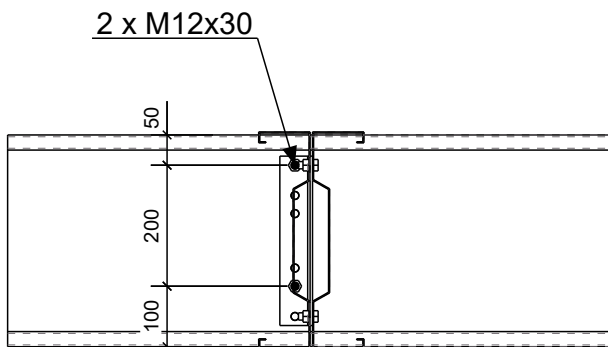

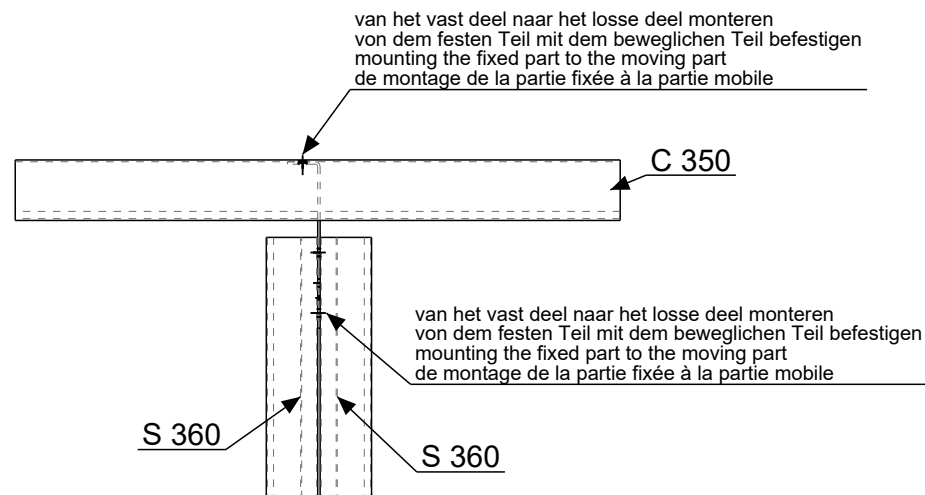

Verbinding dubbele kinderbalk / moederbalk
 Verbindung doppelt Querträger / Hauptträger
 Connection double secondary beam / major beam
 Assemblage solive / poutre double

Doorlopende bevestigingsgaten Ø13 zonder grote doorsteekgaten
 Durchlaufende Befestigungslöcher Ø13 ohne große Löcher
 Continuous fastening holes Ø13 without large holes
 Trous de fixation continus Ø13 sans grands trous de perçage

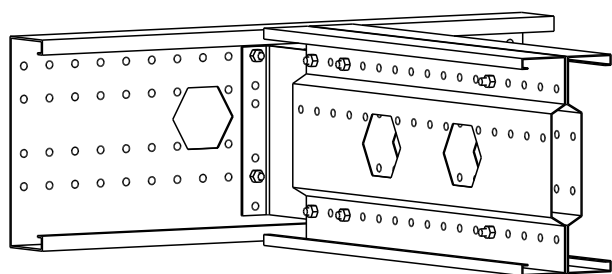

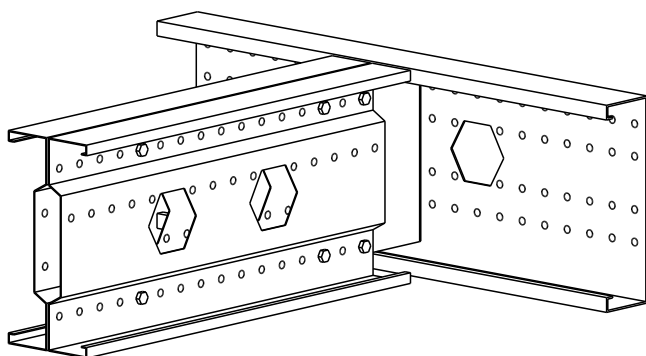

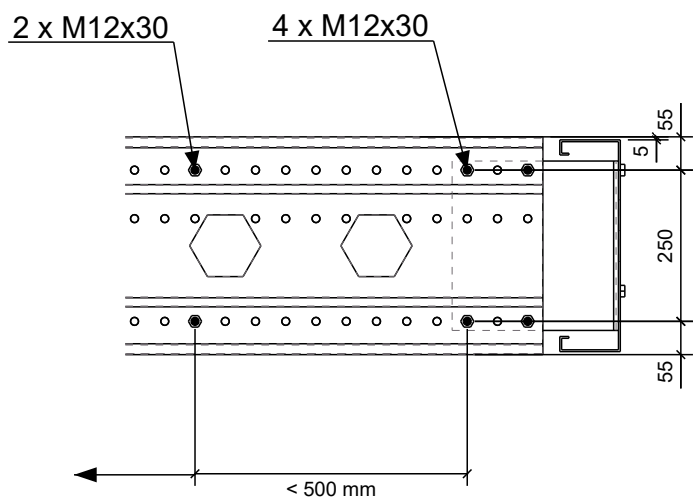

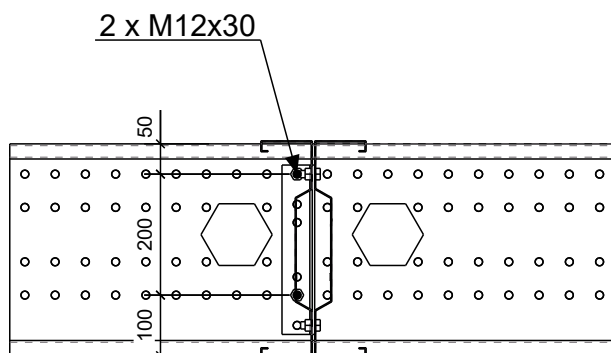

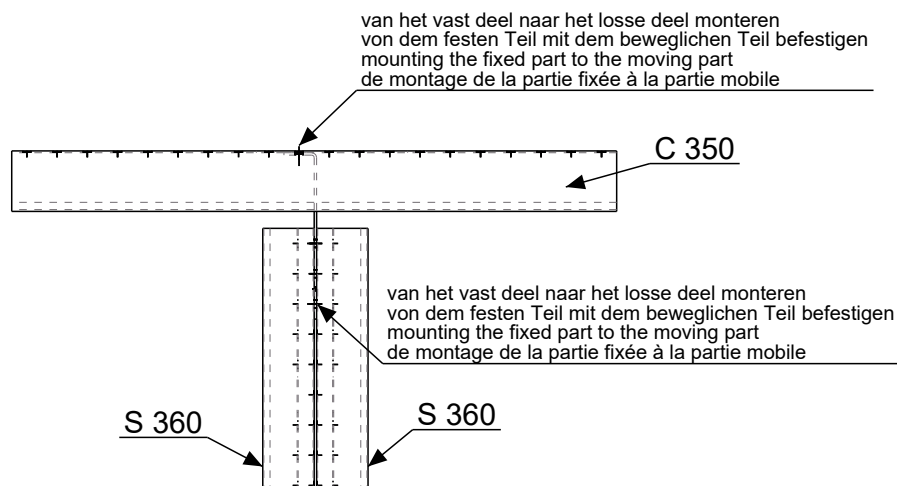

Verbinding dubbele kinderbalk / moederbalk
 Verbindung doppelt Querträger / Hauptträger
 Connection double secondary beam / major beam
 Assemblage solive / poutre double

Alleen gaten Ø13 voor montage
 Nur Löcher Ø13 für Montage
 Only holes Ø13 for mounting
 Seulement trous Ø13 pour le montage

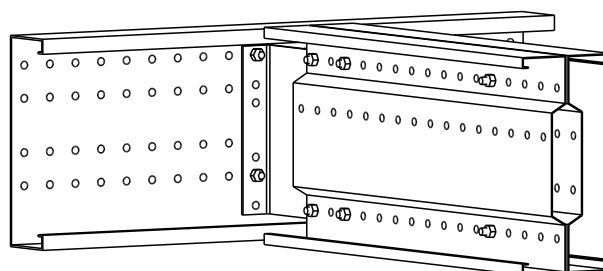

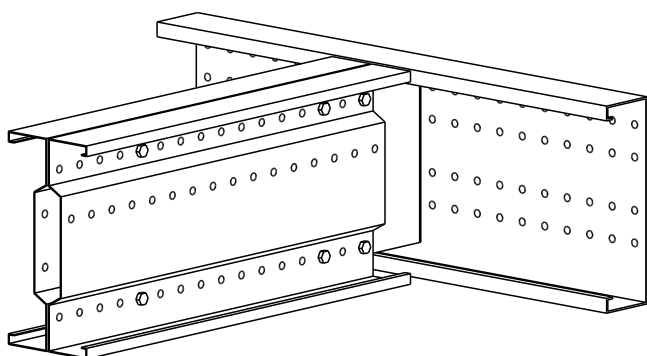

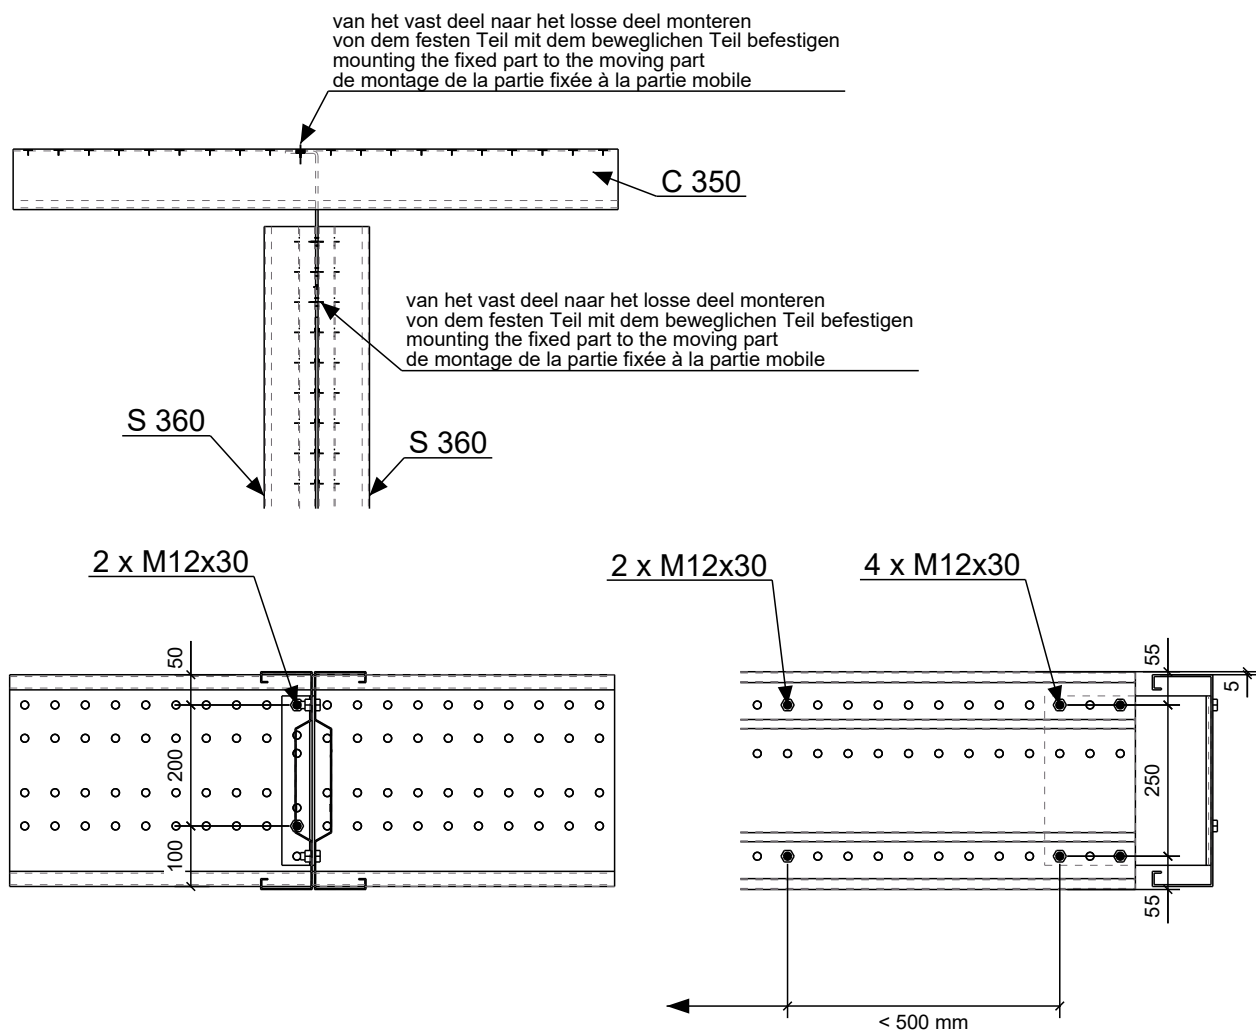

Verbinding dubbele kinderbalk / moederbalk
 Verbindung doppelt Querträger / Hauptträger
 Connection double secondary beam / major beam
 Assemblage solive / poutre double

Doorlopende bevestigingsgaten Ø13 met grote doorsteekgaten
 Durchlaufende Befestigungslöcher Ø13 mit großen Löchern
 Continuous fastening holes Ø13 with large holes
 Trous de fixation continus Ø13 avec des grands trous de perçage

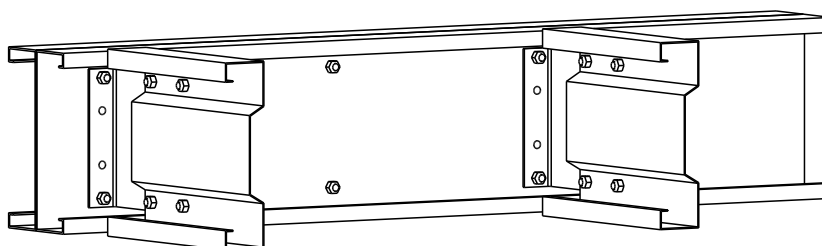

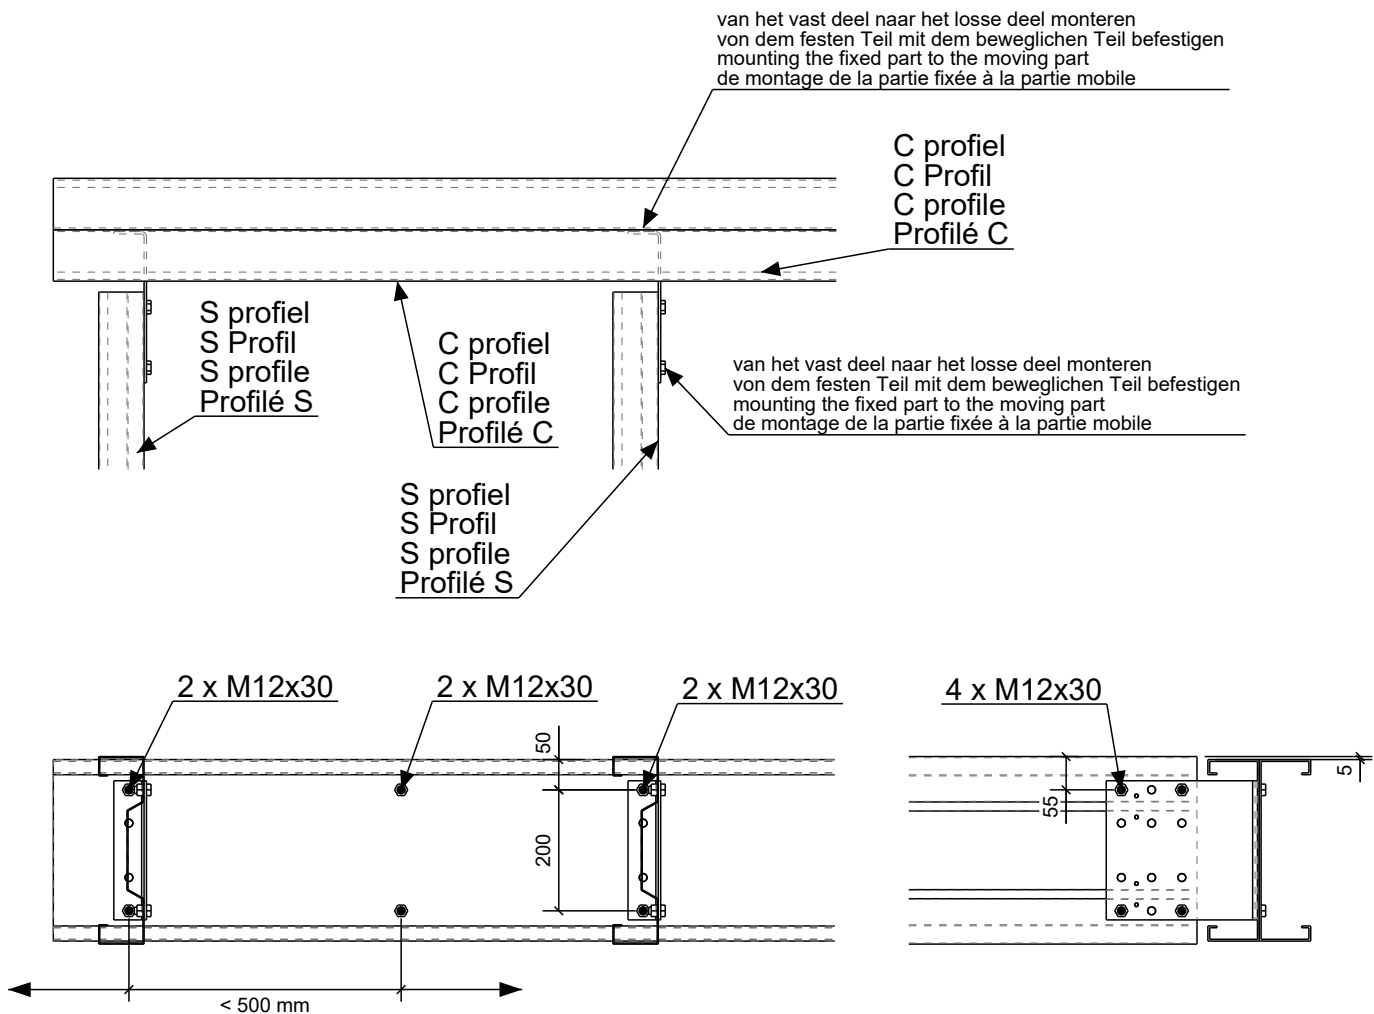

Verbinding dubbele kinderbalk / moederbalk
 Verbindung doppelt Querträger / Hauptträger
 Connection double secondary beam / major beam
 Assemblage solive / poutre double

Doorlopende bevestigingsgaten Ø13 zonder grote doorsteekgaten
 Durchlaufende Befestigungslöcher Ø13 ohne große Löcher
 Continuous fastening holes Ø13 without large holes
 Trous de fixation continus Ø13 sans grands trous de perçage

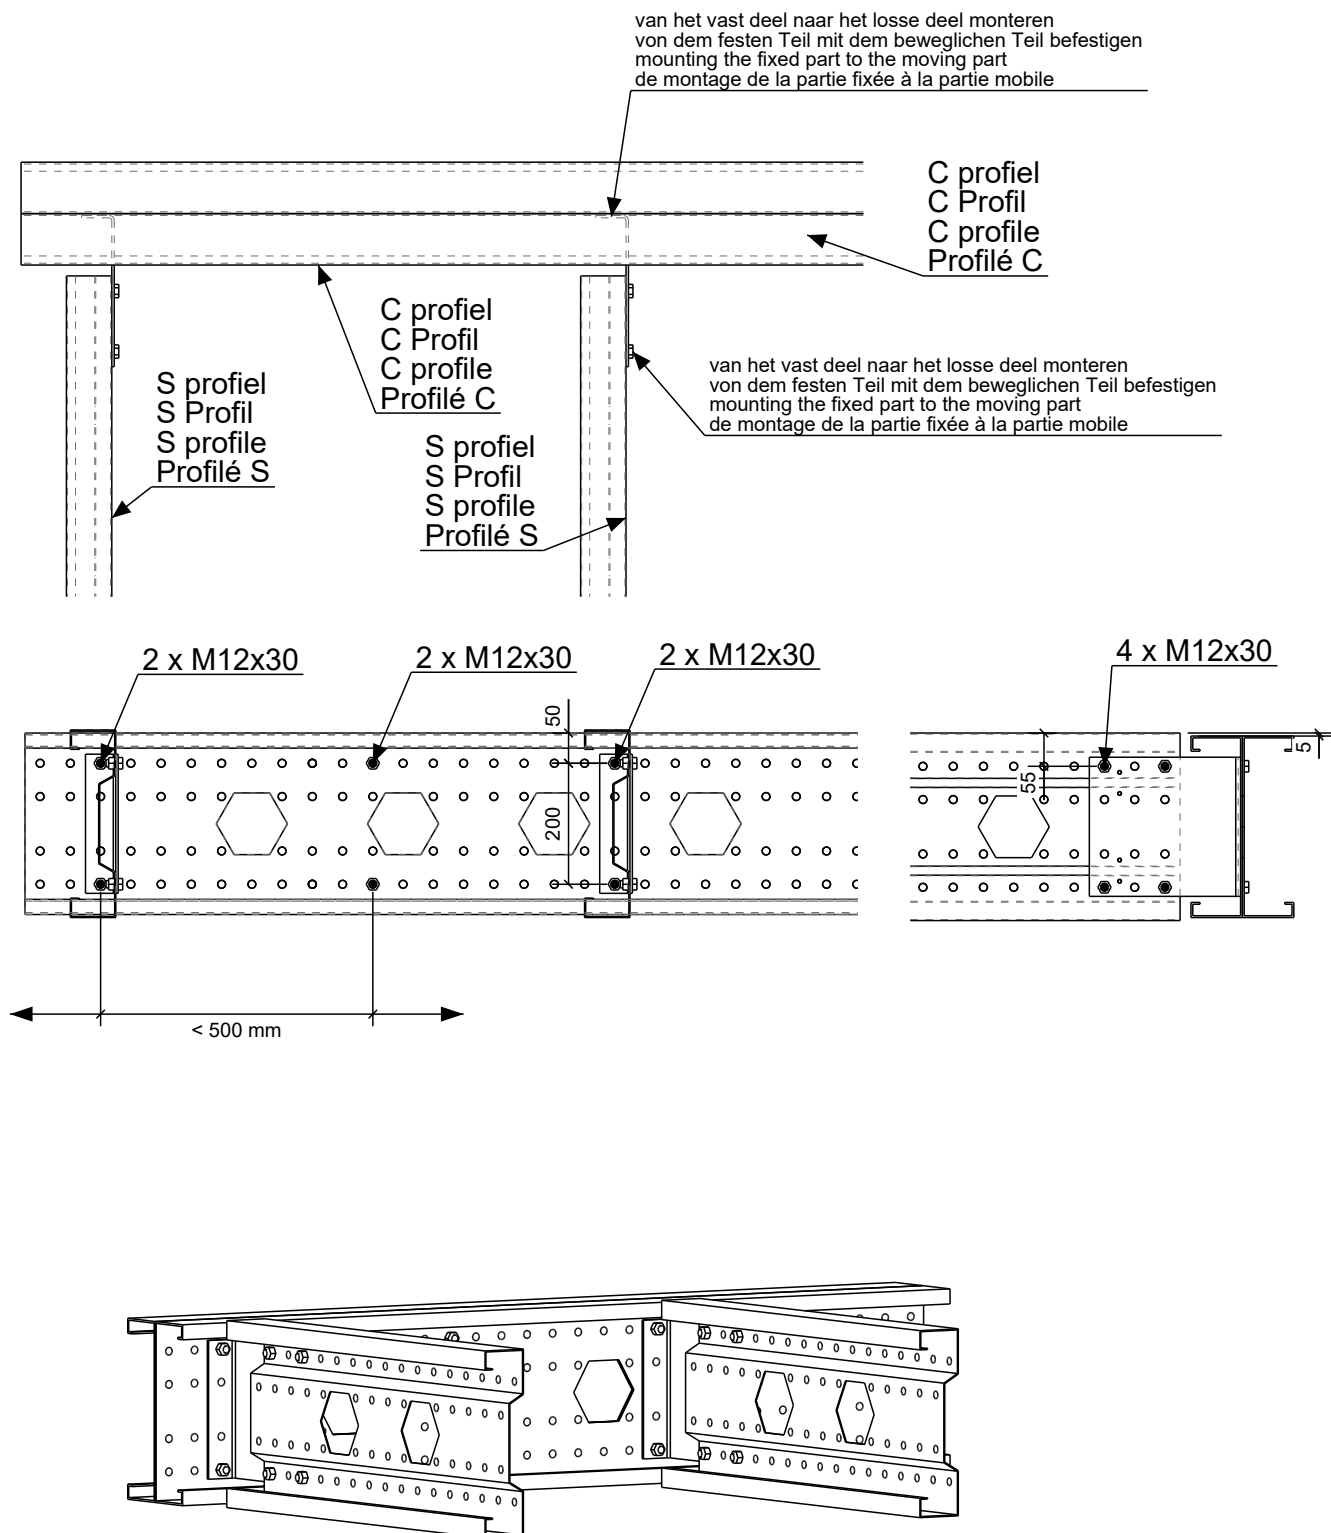

Verbinding dubbele moederbalk
 Verbindung doppelt Hauptträger
 Connection double major beam
 Assemblage poutre double

Alleen gaten Ø13 voor montage
 Nur Löcher Ø13 für Montage
 Only holes Ø13 for mounting
 Seulement trous Ø13 pour le montage

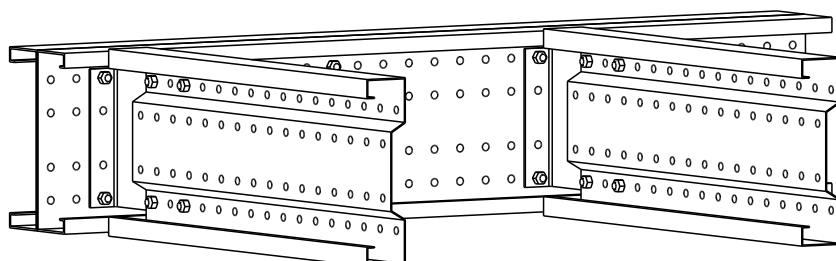

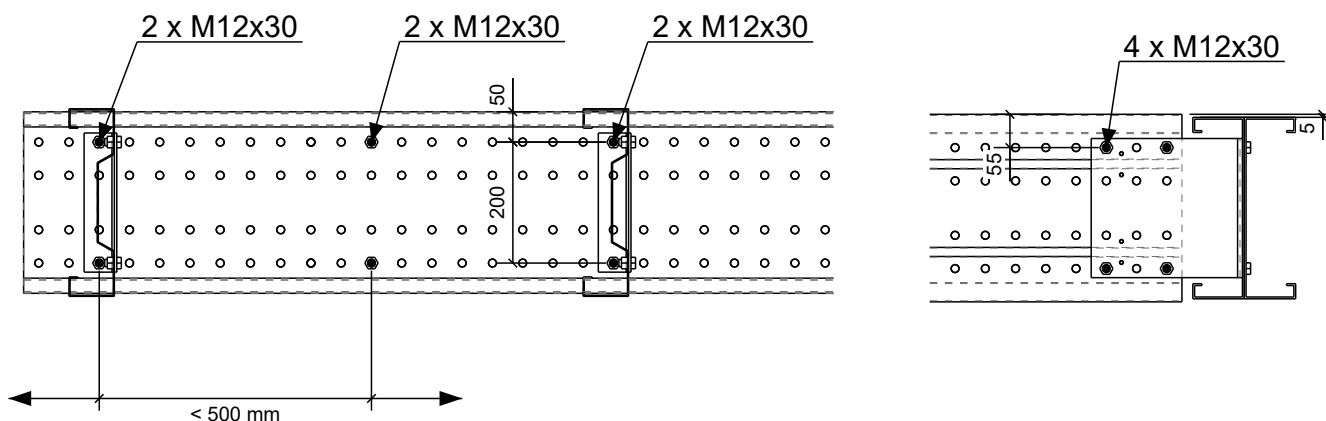

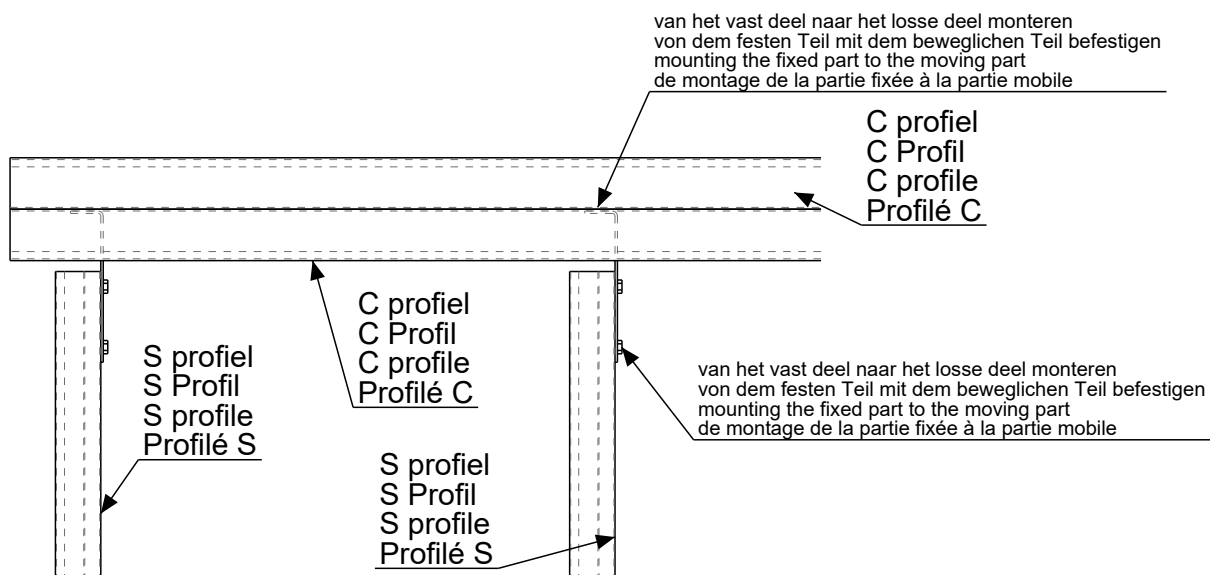

Verbinding dubbele moederbalk
 Verbindung doppelt Hauptträger
 Connection double major beam
 Assemblage poutre double

Doorlopende bevestigingsgaten Ø13 met grote doorsteekgaten
 Durchlaufende Befestigungslöcher Ø13 mit großen Löchern
 Continuous fastening holes Ø13 with large holes
 Trous de fixation continus Ø13 avec des grands trous de perçage

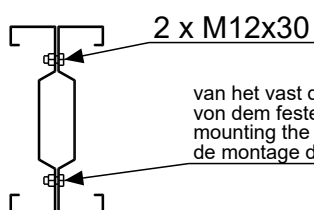

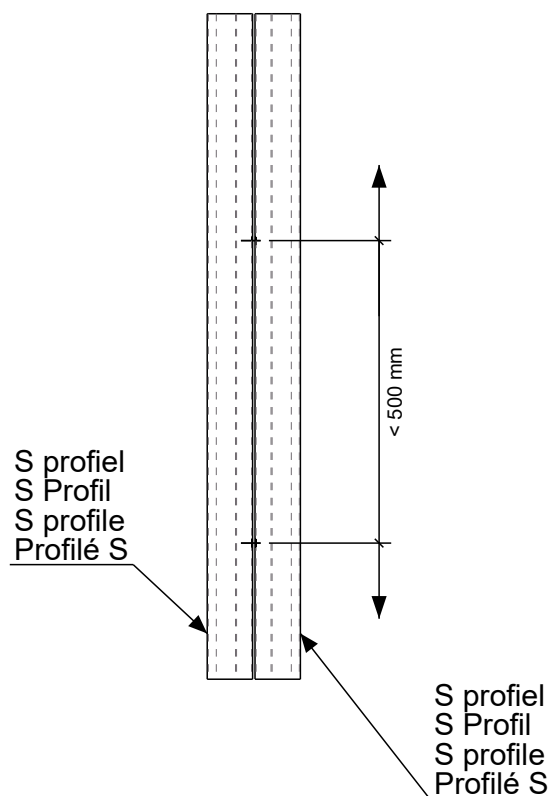

Verbinding dubbele moederbalk
 Verbindung doppelt Hauptträger
 Connection double major beam
 Assemblage poutre double

Doorlopende bevestigingsgaten Ø13 zonder grote doorsteekgaten
 Durchlaufende Befestigungslöcher Ø13 ohne große Löcher
 Continuous fastening holes Ø13 without large holes
 Trous de fixation continus Ø13 sans grands trous de perçage

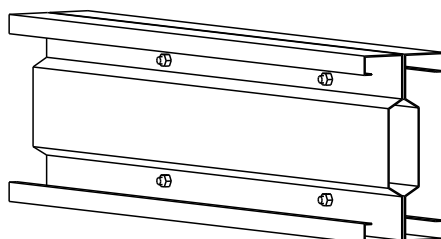

Verbinding dubbele kinderbalk
Verbindung doppelt Querträger
Connection double secondary beam
Assemblage solive double

Alleen gaten Ø13 voor montage
Nur Löcher Ø13 für Montage
Only holes Ø13 for mounting
Seulement trous Ø13 pour le montage

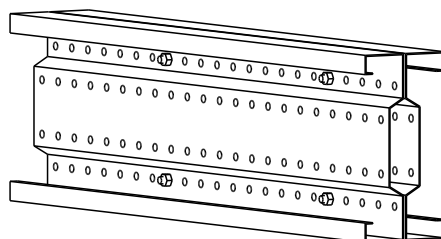

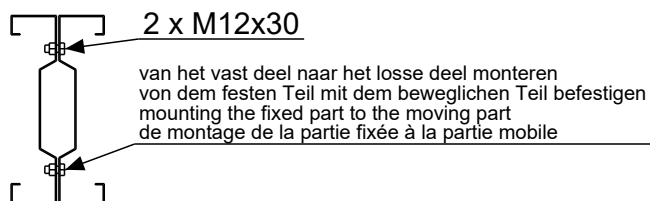

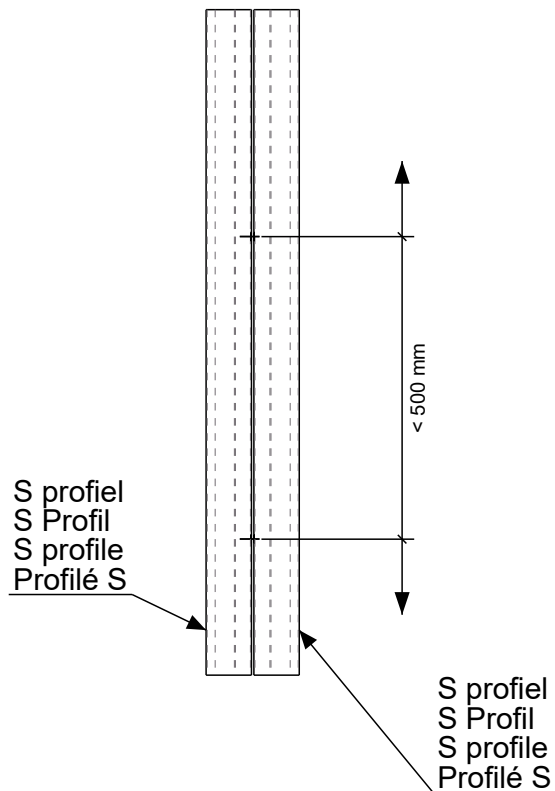

van het vast deel naar het losse deel monteren
von dem festen Teil mit dem beweglichen Teil befestigen
mounting the fixed part to the moving part
de montage de la partie fixée à la partie mobile

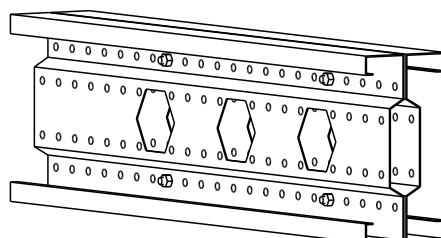

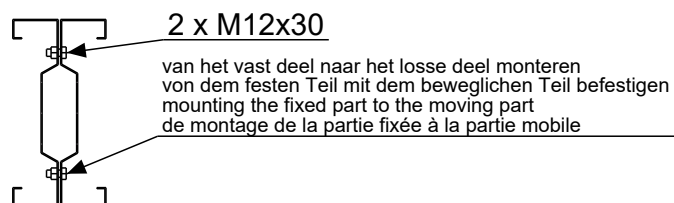

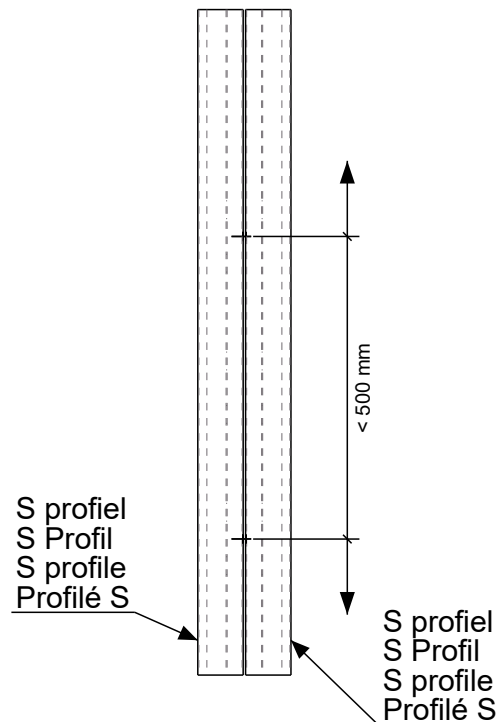

Verbinding dubbele kinderbalk
Verbindung doppelt Querträger
Connection double secondary beam
Assemblage solive double

Doorlopende bevestigingsgaten Ø13 zonder grote doorsteekgaten
Durchlaufende Befestigungslöcher Ø13 ohne große Löcher
Continuous fastening holes Ø13 without large holes
Trous de fixation continus Ø13 sans grands trous de perçage

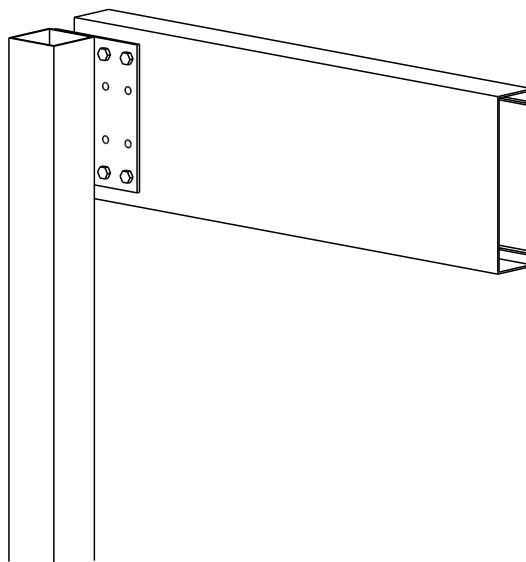

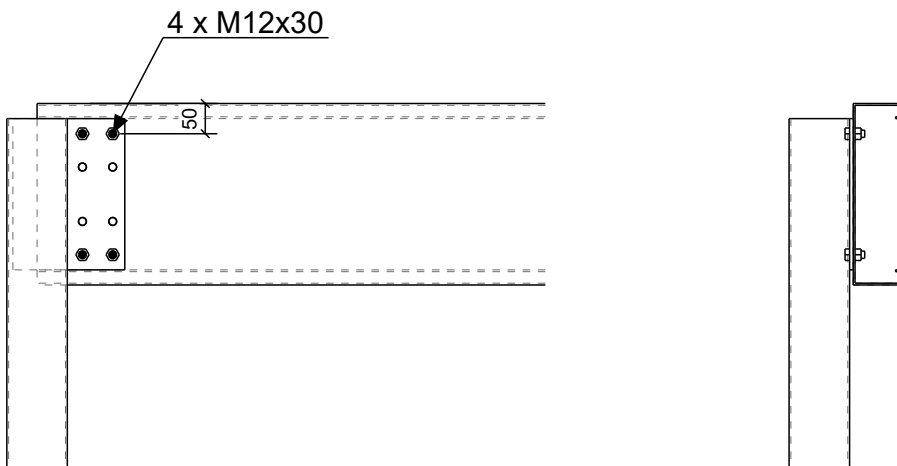

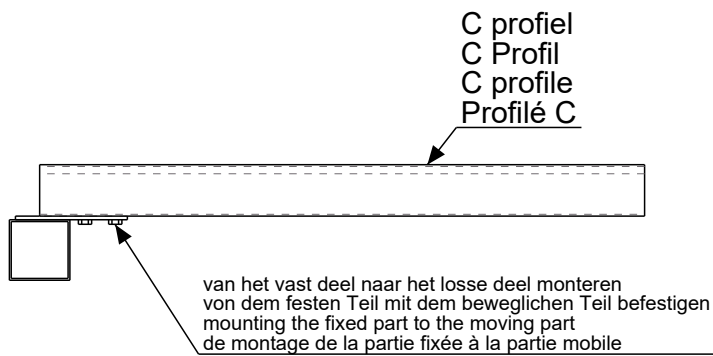

Verbinding dubbele kinderbalk
Verbindung doppelt Querträger
Connection double secondary beam
Assemblage solive double

Doorlopende bevestigingsgaten Ø13 met grote doorsteekgaten
Durchlaufende Befestigungslöcher Ø13 mit großen Löchern
Continuous fastening holes Ø13 with large holes
Trous de fixation continus Ø13 avec des grands trous de perçage

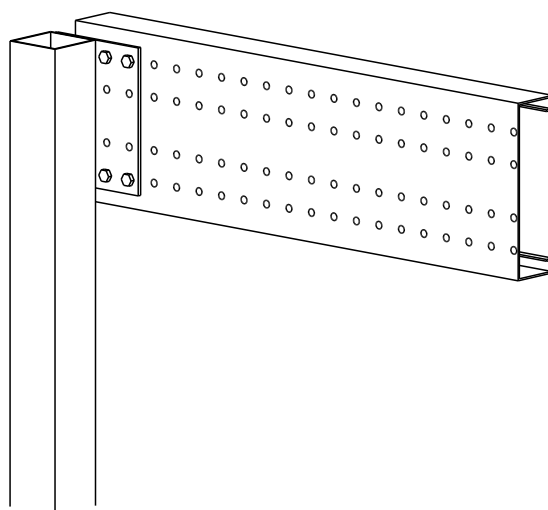

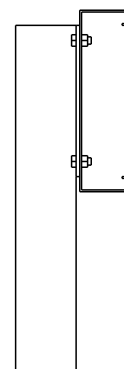

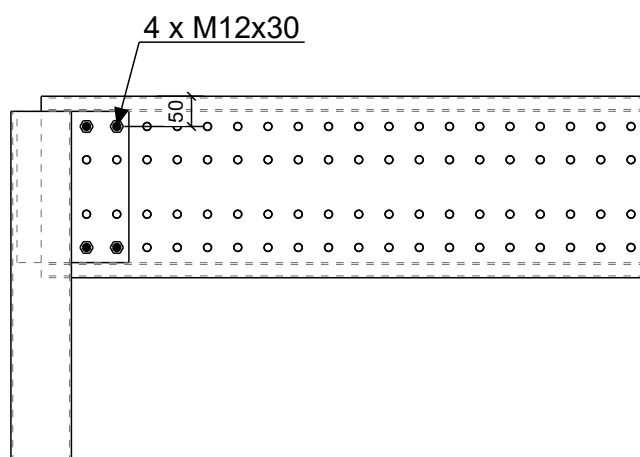

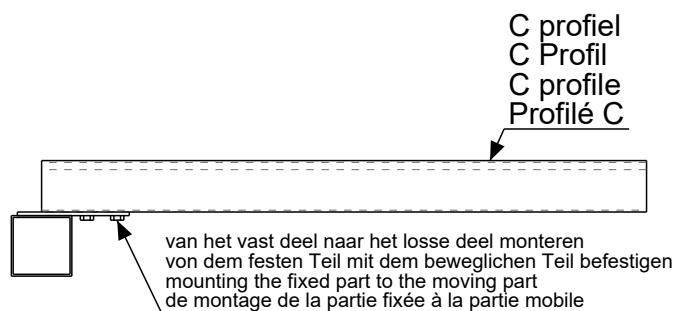

Verbinding eindkolom / moederbalk
Verbindung ende Stütze / Hauptträger
Connection edge column / major beam
Assemblage bout poteau / poutre

Alleen gaten Ø13 voor montage
Nur Löcher Ø13 für Montage
Only holes Ø13 for mounting
Seulement trous Ø13 pour le montage

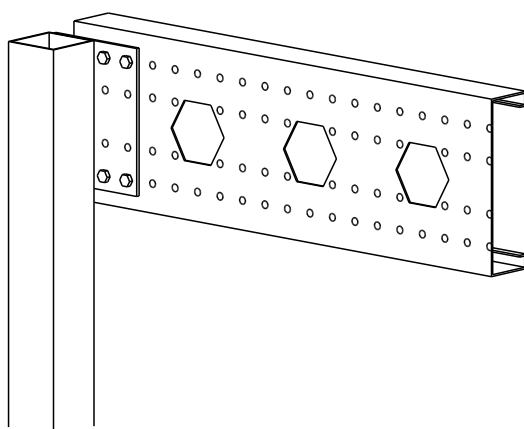

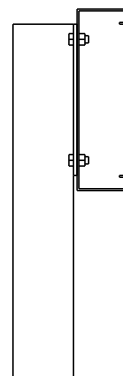

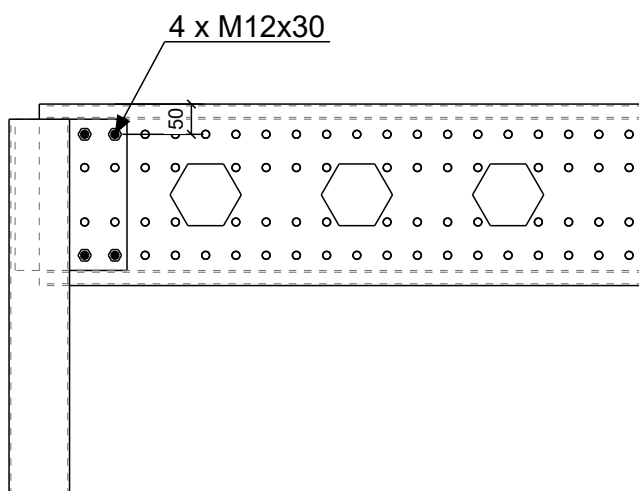

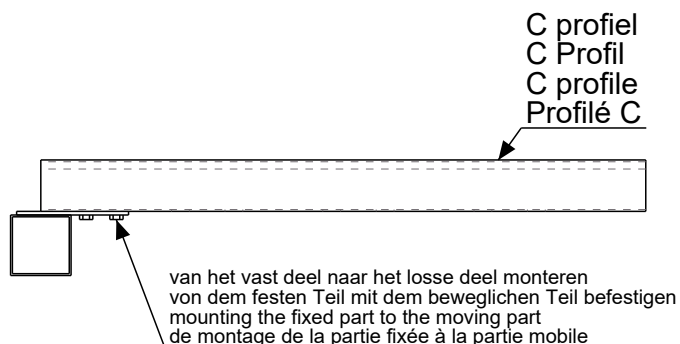

Verbinding eindkolom / moederbalk
Verbindung ende Stütze / Hauptträger
Connection edge column / major beam
Assemblage bout poteau / poutre

Doorlopende bevestigingsgaten Ø13 zonder grote doorsteekgaten
Durchlaufende Befestigungslöcher Ø13 ohne große Löcher
Continuous fastening holes Ø13 without large holes
Trous de fixation continus Ø13 sans grands trous de perçage

Verbinding eindkolom / moederbalk
Verbindung ende Stütze / Hauptträger
Connection edge column / major beam
Assemblage bout poteau / poutre

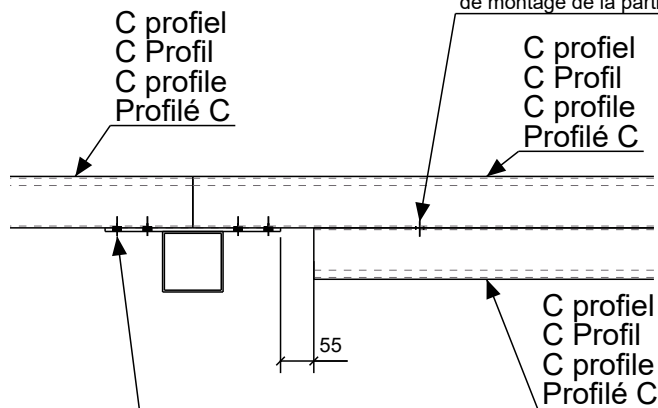

Doorlopende bevestigingsgaten Ø13 met grote doorsteekgaten
Durchlaufende Befestigungslöcher Ø13 mit großen Löchern
Continuous fastening holes Ø13 with large holes
Trous de fixation continus Ø13 avec des grands trous de perçage

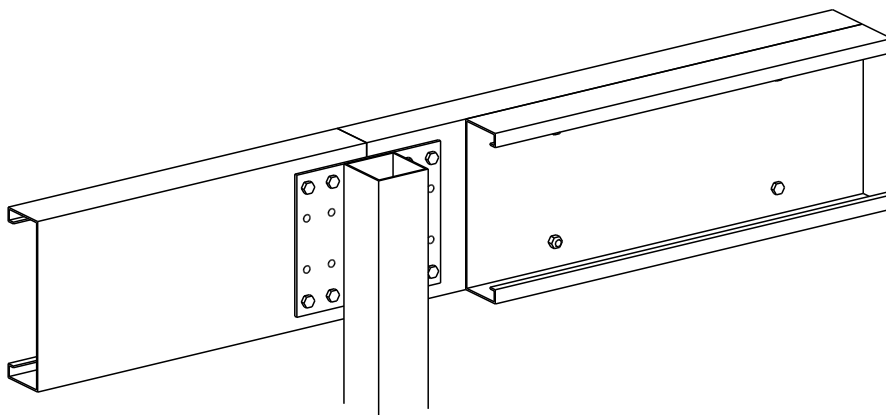

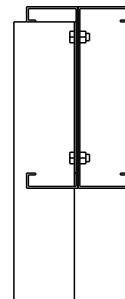

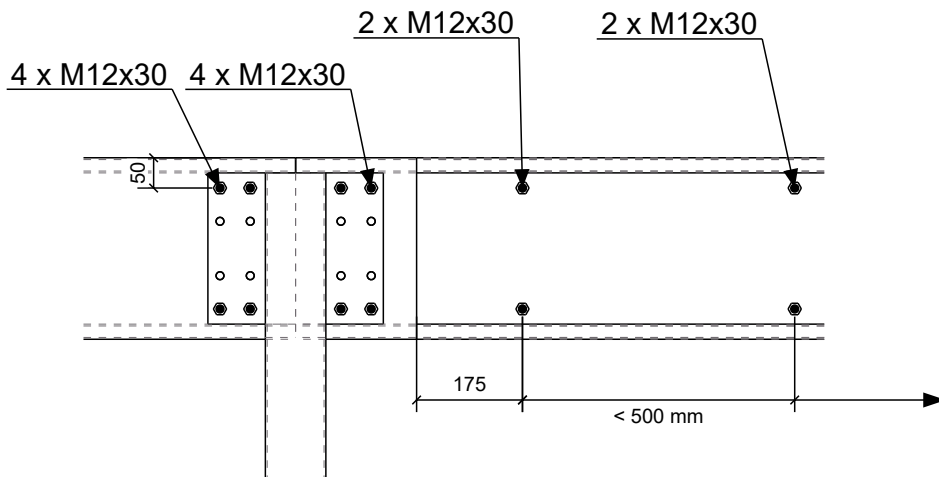

Verbinding middenkolom / moederbalk
 Verbindung mitte Stütze / Hauptträger
 Connection middle column / major beam
 Assemblage milieu poteau / poutre

Alleen gaten Ø13 voor montage
 Nur Löcher Ø13 für Montage
 Only holes Ø13 for mounting
 Seulement trous Ø13 pour le montage

van het vast deel naar het losse deel monteren
 von dem festen Teil mit dem beweglichen Teil befestigen
 mounting the fixed part to the moving part
 de montage de la partie fixée à la partie mobile

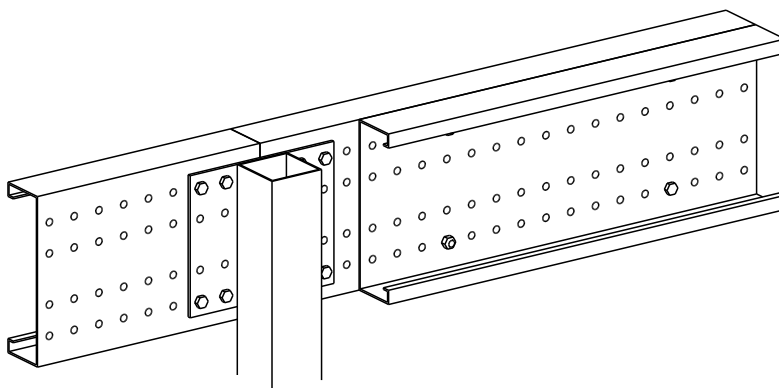

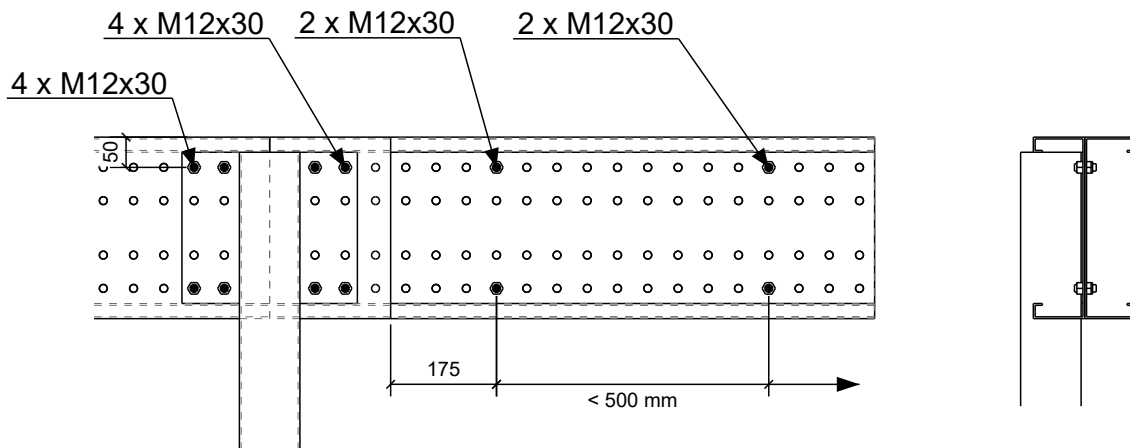

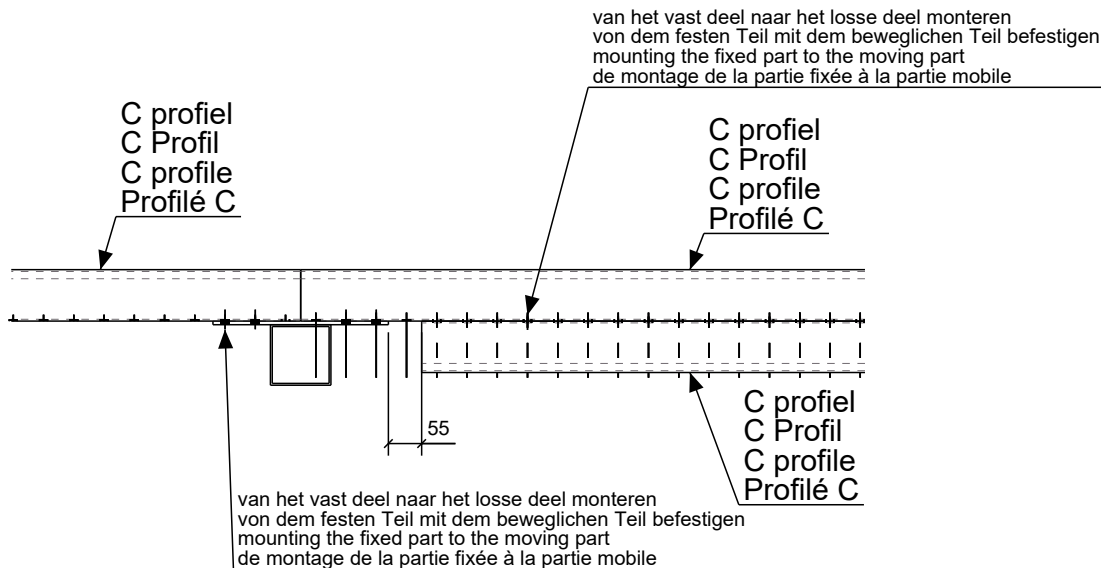

van het vast deel naar het losse deel monteren
 von dem festen Teil mit dem beweglichen Teil befestigen
 mounting the fixed part to the moving part
 de montage de la partie fixée à la partie mobile

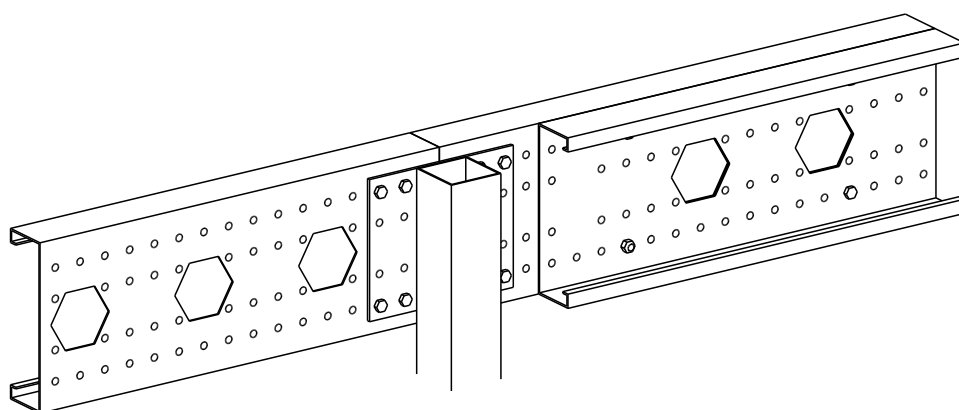

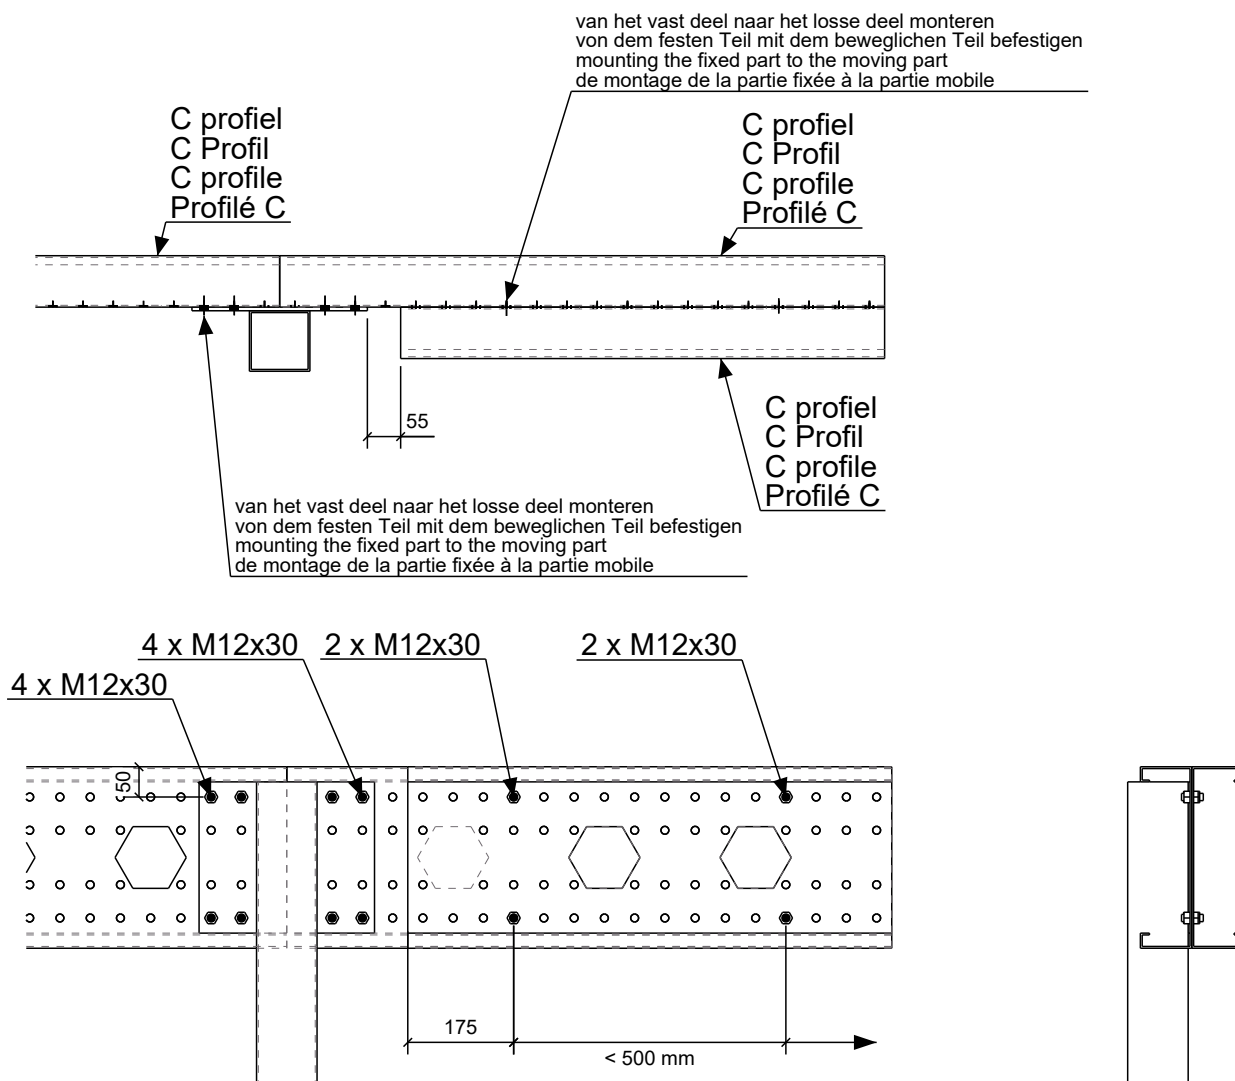

Verbinding middenkolom / moederbalk
 Verbindung mitte Stütze / Hauptträger
 Connection middle column / major beam
 Assemblage milieu poteau / poutre

Doorlopende bevestigingsgaten Ø13 zonder grote doorsteekgaten
 Durchlaufende Befestigungslöcher Ø13 ohne große Löcher
 Continuous fastening holes Ø13 without large holes
 Trous de fixation continus Ø13 sans grands trous de perçage

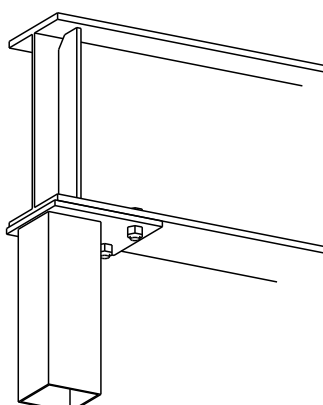

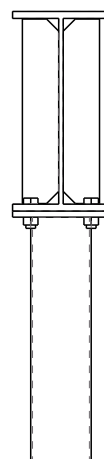

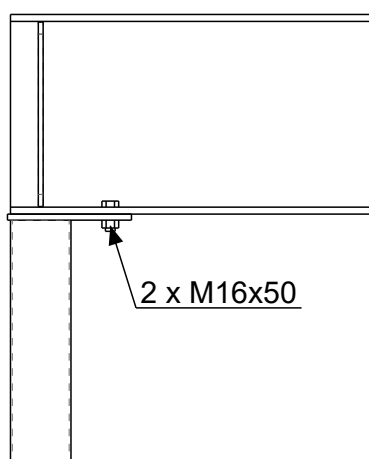

Verbinding middenkolom / moederbalk
 Verbindung mitte Stütze / Hauptträger
 Connection middle column / major beam
 Assemblage milieu poteau / poutre

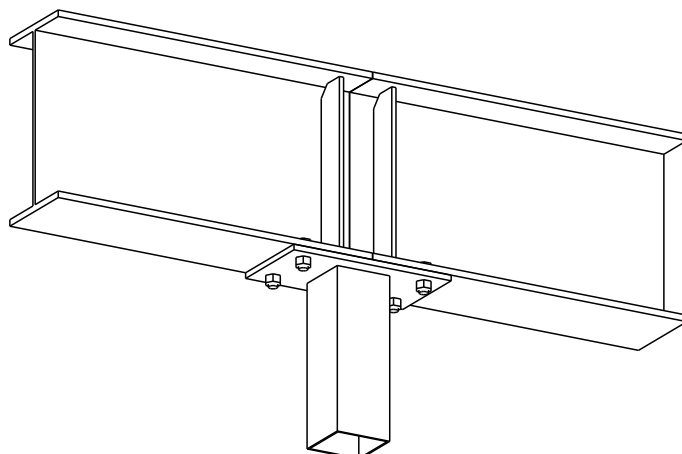

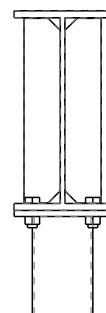

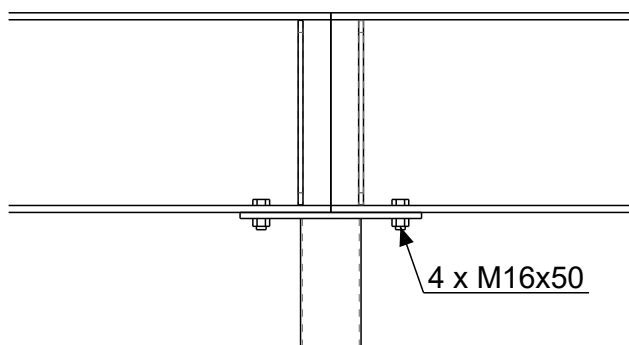

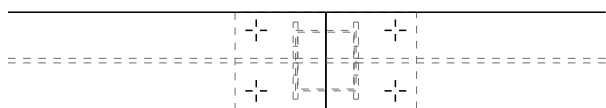

Doorlopende bevestigingsgaten Ø13 met grote doorsteekgaten
 Durchlaufende Befestigungslöcher Ø13 mit großen Löchern
 Continuous fastening holes Ø13 with large holes
 Trous de fixation continus Ø13 avec des grands trous de perçage

Verbinding IPE, HE / eind kolom
Verbindung IPE, HE / ende Stützer
Connection IPE, HE / edge column
Assemblage IPE, HE / bout poteau

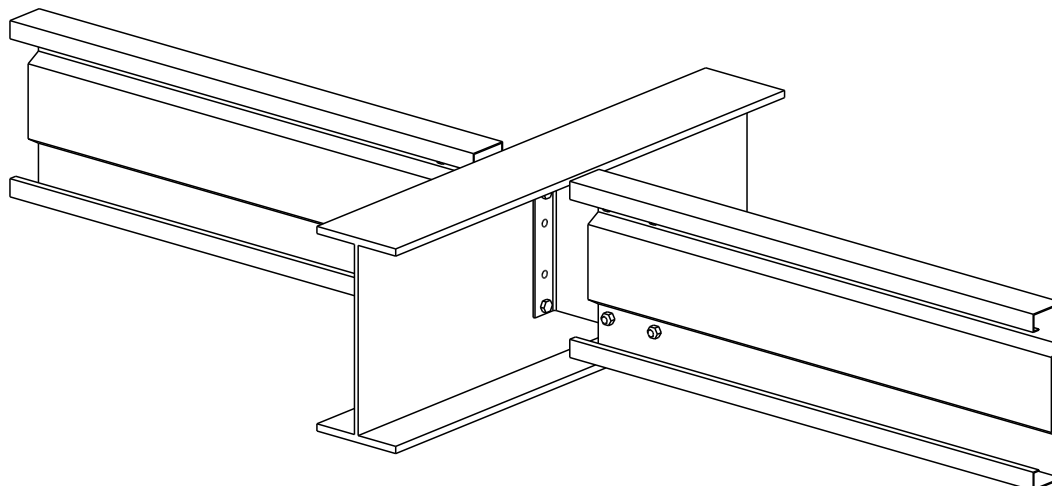

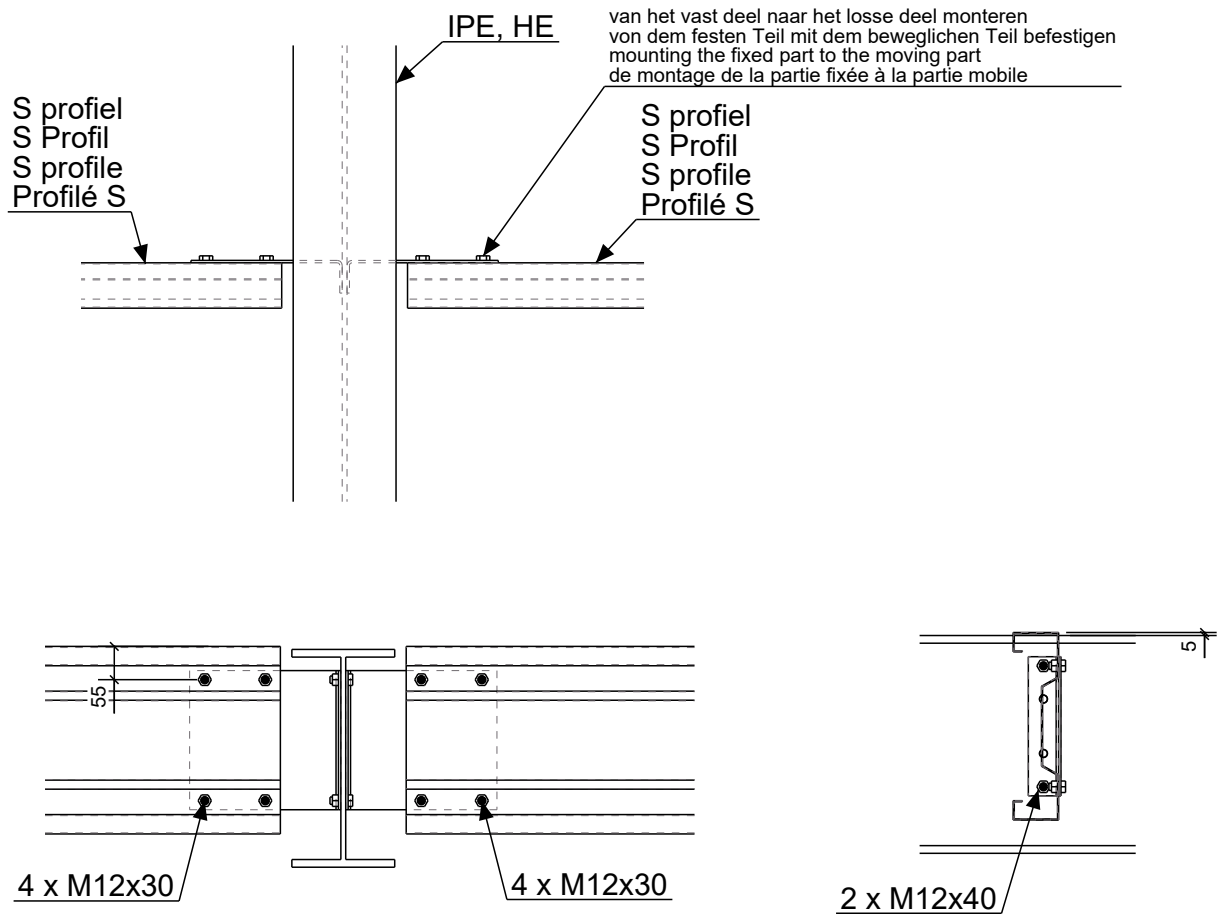

Verbinding IPE, HE / midden kolom
 Verbindung IPE, HE / mitte Stützer
 Connection IPE, HE / middle column
 Assemblage IPE, HE / milieu poteau

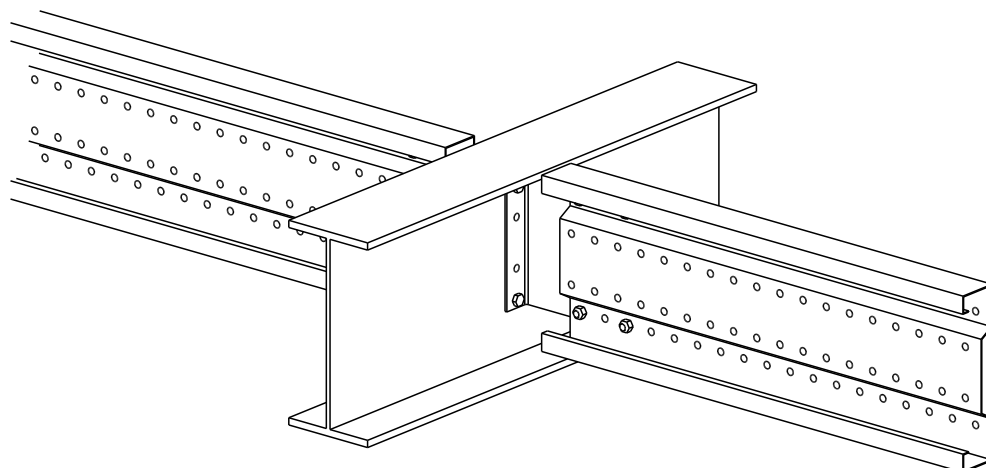

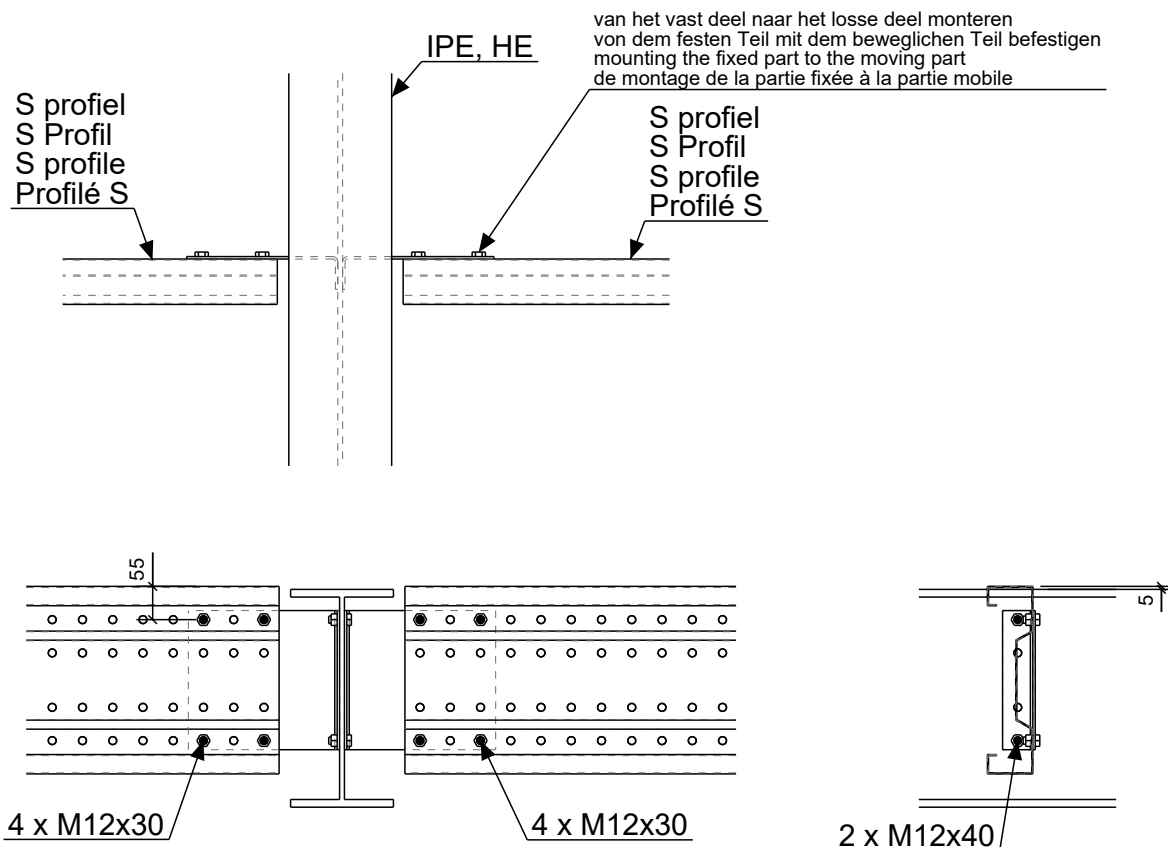

Verbinding IPE, HE / kinderbalk
 Verbindung IPE, HE / Querträger
 Connection IPE, HE / secondary beam
 Assemblage IPE, HE / solive

Alleen gaten Ø13 voor montage
 Nur Löcher Ø13 für Montage
 Only holes Ø13 for mounting
 Seulement trous Ø13 pour le montage

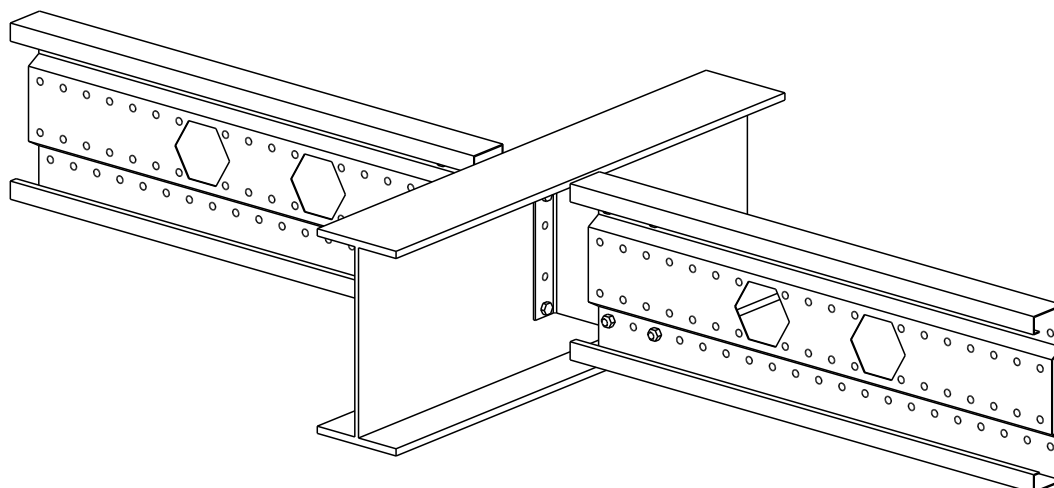

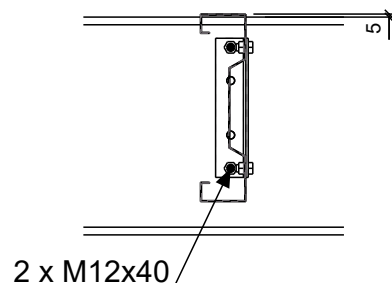

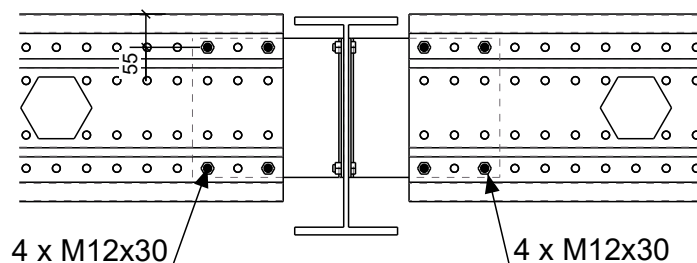

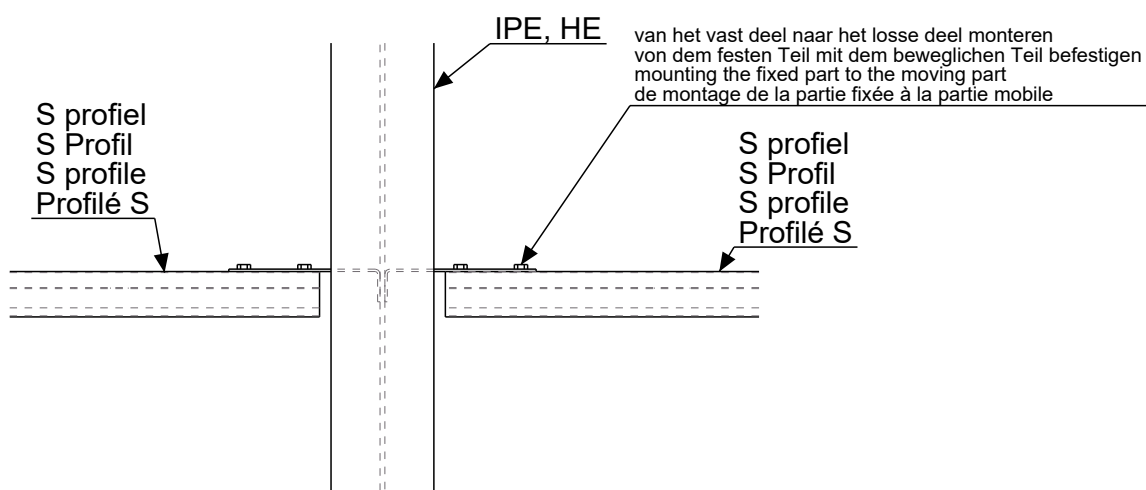

Verbinding IPE, HE / kinderbalk
 Verbindung IPE, HE / Querträger
 Connection IPE, HE / secondary beam
 Assemblage IPE, HE / solive

Doorlopende bevestigingsgaten Ø13 zonder grote doorsteekgaten
 Durchlaufende Befestigungslöcher Ø13 ohne große Löcher
 Continuous fastening holes Ø13 without large holes
 Trous de fixation continus Ø13 sans grands trous de perçage

Verbinding IPE, HE / kinderbalk
 Verbindung IPE, HE / Querträger
 Connection IPE, HE / secondary beam
 Assemblage IPE, HE / solive

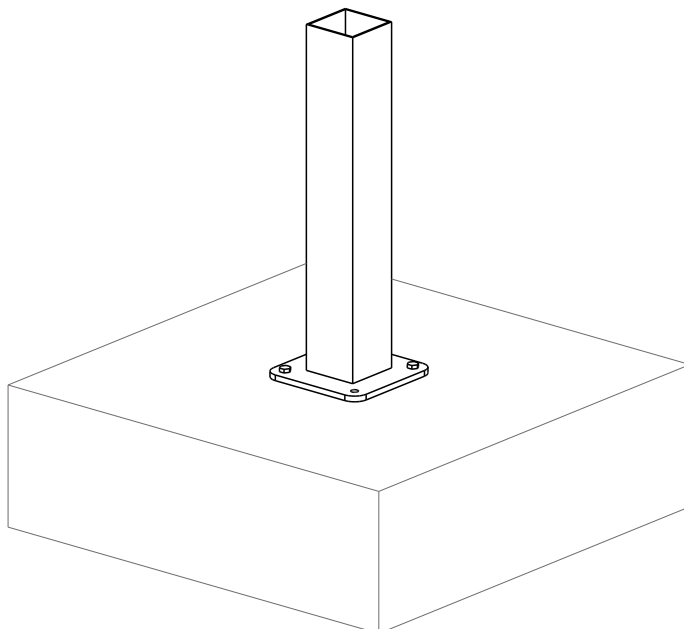

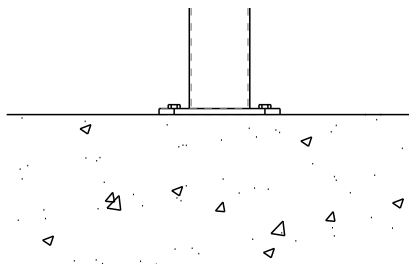

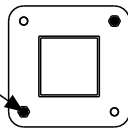

Doorlopende bevestigingsgaten Ø13 met grote doorsteekgaten
 Durchlaufende Befestigungslöcher Ø13 mit großen Löchern
 Continuous fastening holes Ø13 with large holes
 Trous de fixation continus Ø13 avec des grands trous de perçage

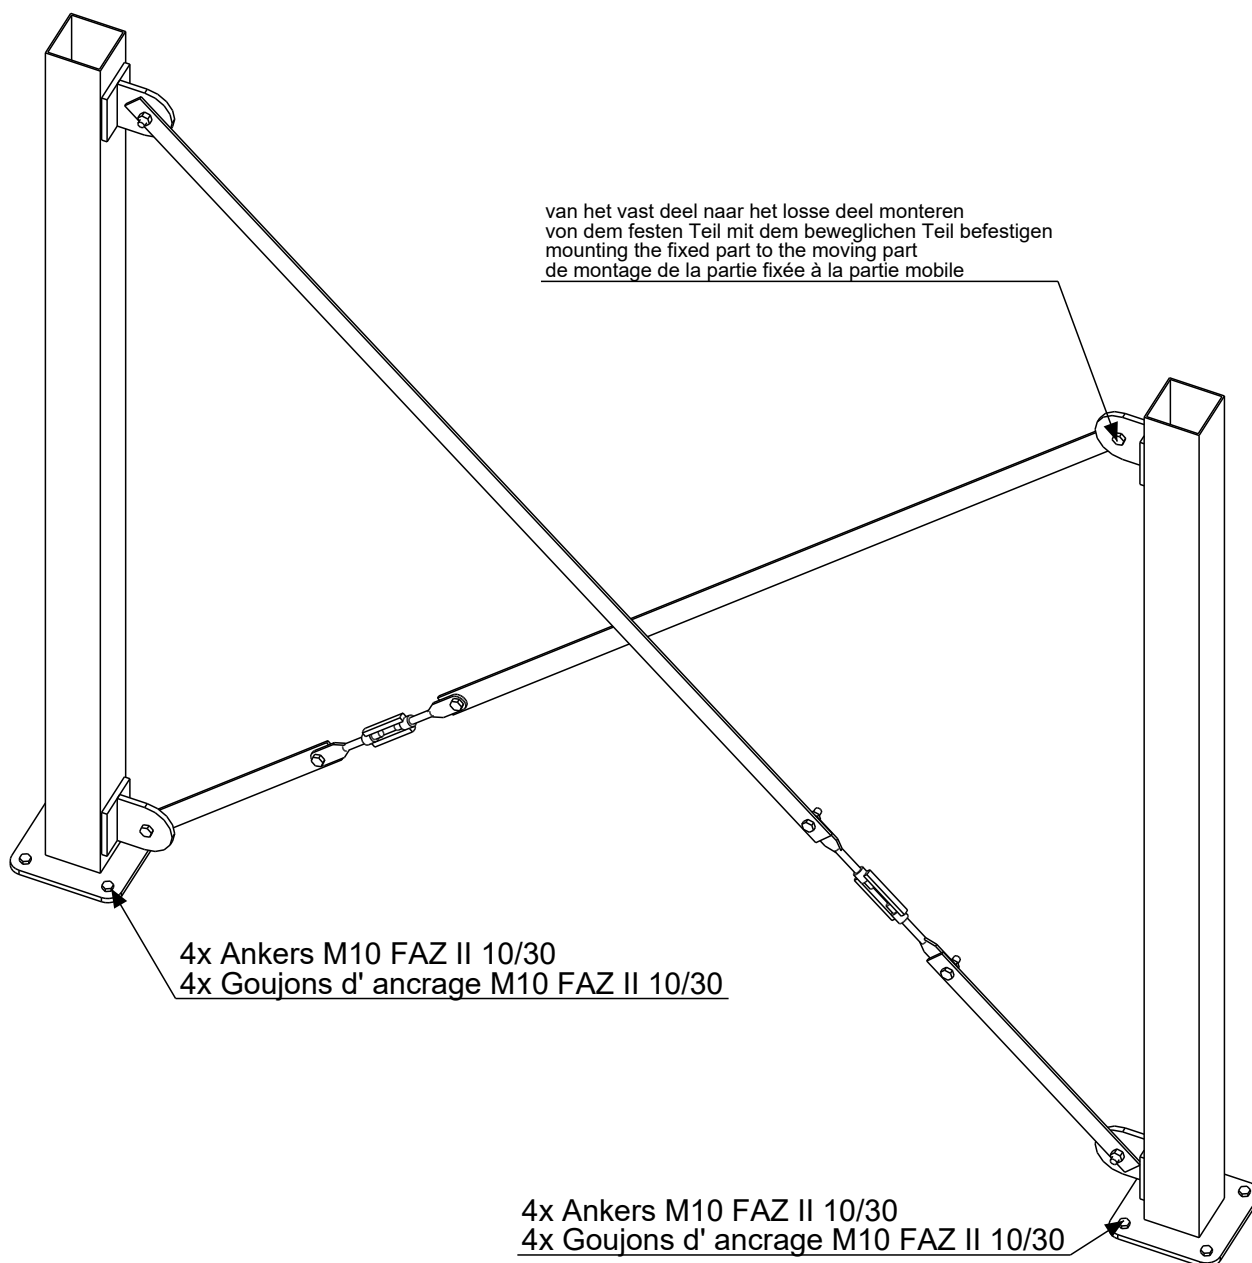

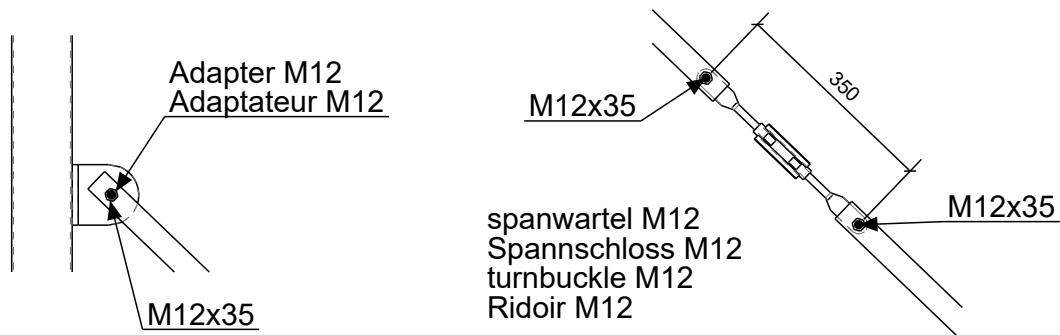

Verbinding kolom
Verbindung Stütze
Connection Column
Assemblage poteau

Bij kruisverbanden en schoorkolommen 4x ankers M10 FAZ II 10/30
Bei Kreuzstreben und Stützträger 4x ankers M10 FAZ II 10/30
With crossbraces and columnbraces 4x anchor M10 FAZ II 10/30
Chez croix de raccordement et contreventements de jambe de force sur sol
4x Goujons d'ancrage M10 FAZ II 10/30

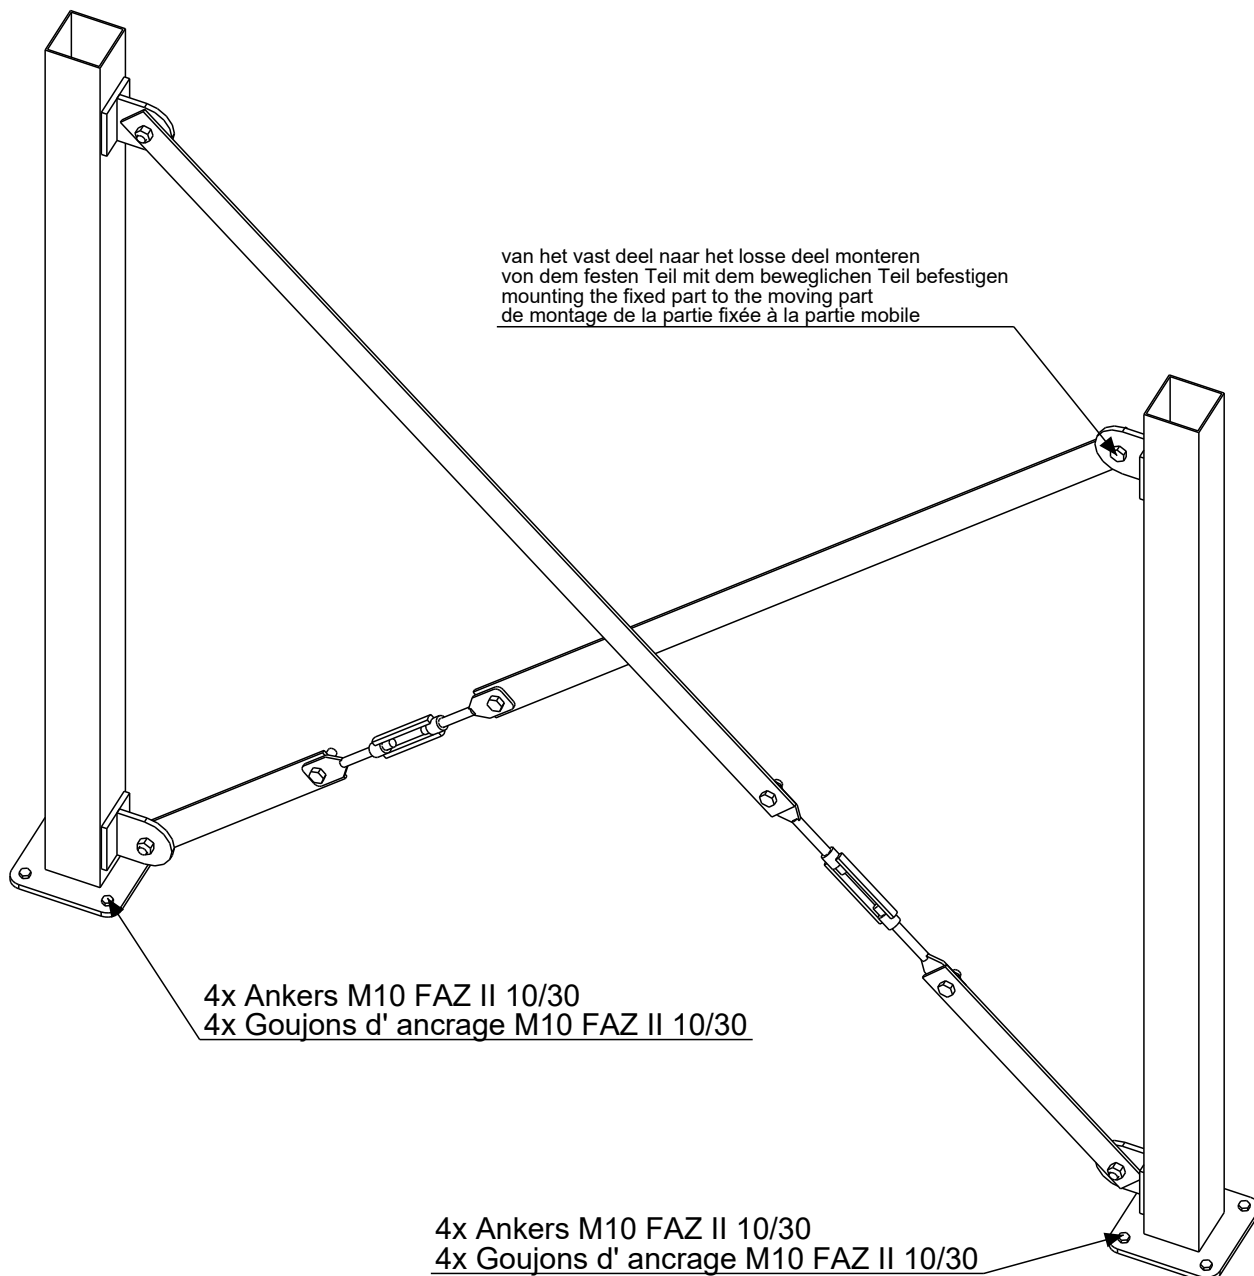

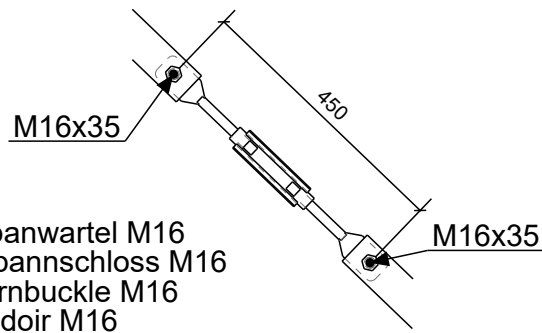

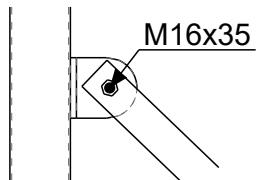

2 x Ankers M10 FAZ II 10/30
2x Goujons d'ancrage M10 FAZ II 10/30

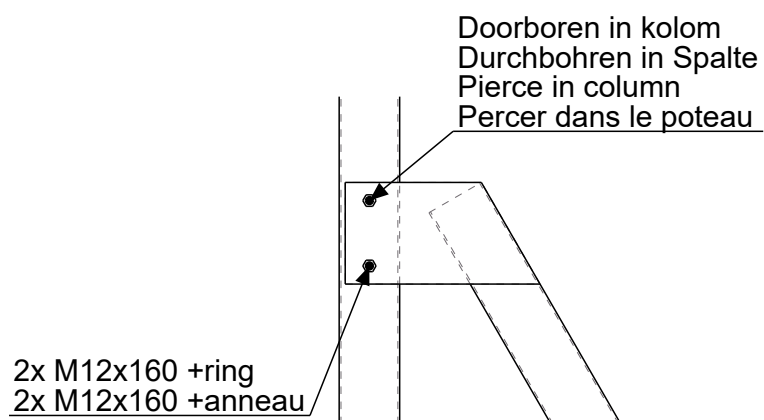

Verbinding kruisschoor 40 x 5
 Verbindung Kreuzstrebe 40 x 5
 Connection Cross bracing 40 x 5
 Assemblage contreventement en croix de st André 40x 5

Verbinding kruisschoor 60 x 6
 Verbindung Kreuzstrebe 60 x 6
 Connection Cross bracing 60 x 6
 Assemblage contreventement en croix de st André 60 x 6

Verbinding schoorkolom
 Verbindung Strebe Stütze
 Connection brace column
 Assemblage contreventement de jambr de force sur sol

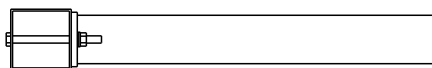

2x M12x160 +ring
 2x M12x160 +anneau

4x Ankers M10 FAZ II 10/30
 4x Goujons d' ancrage M10 FAZ II 10/30

4x Ankers M10 FAZ II 10/30
 4x Goujons d' ancrage M10 FAZ II 10/30

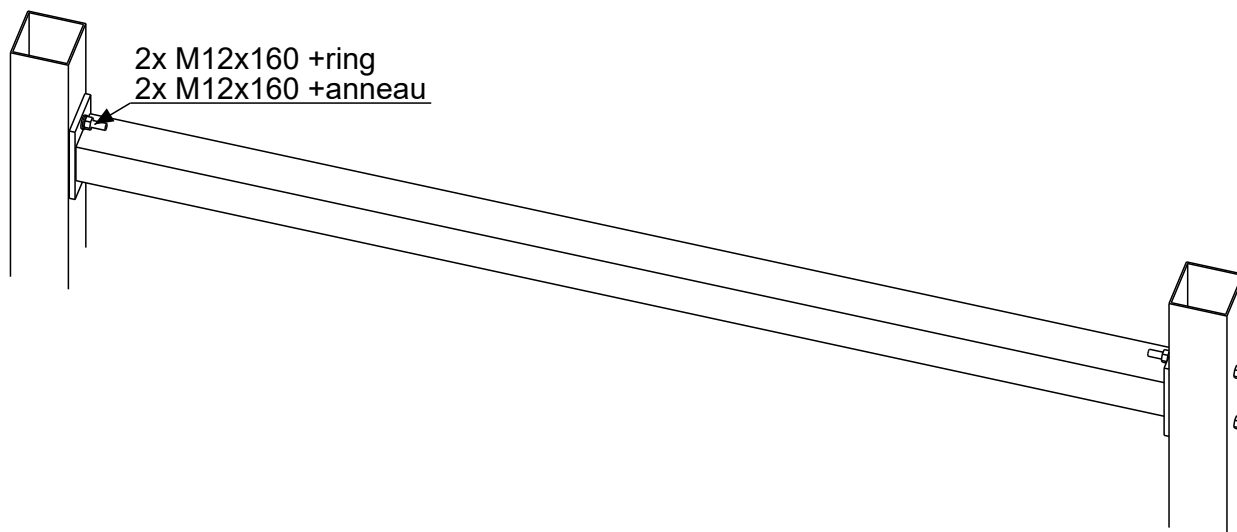

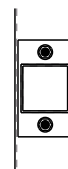

Verbinding schoordrukker
 Verbindung Kreuzdrucker
 Connection Column for brace
 Assemblage du soutien

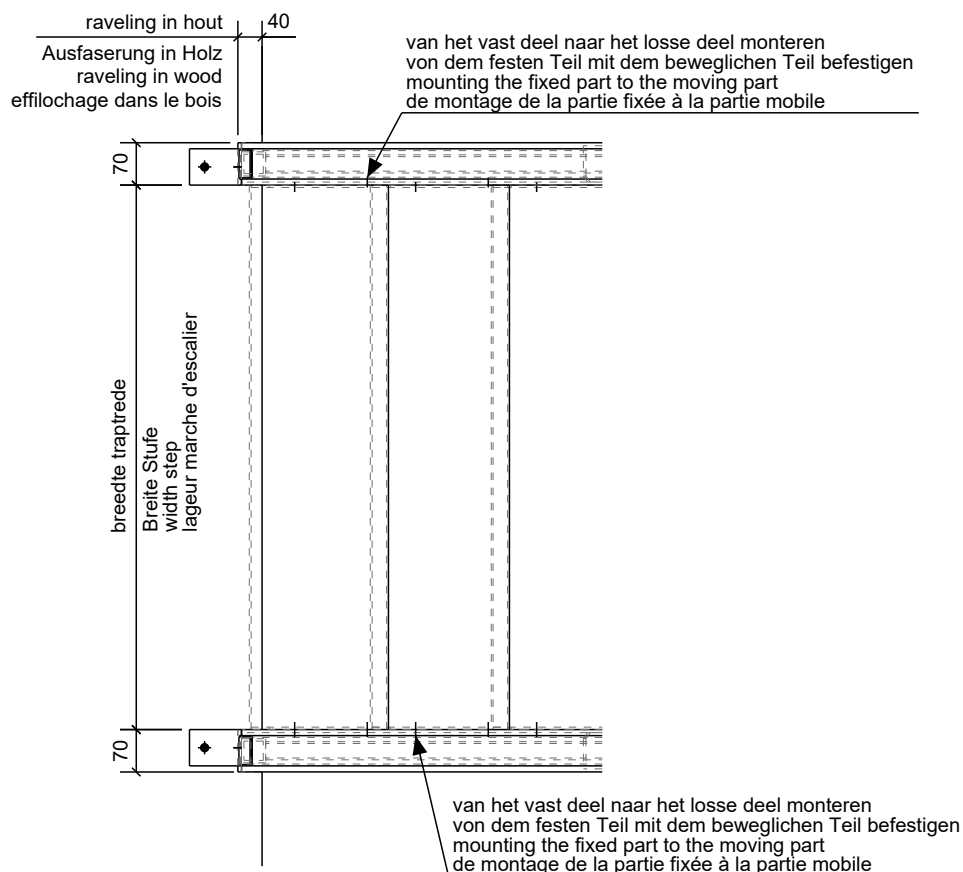

van het vast deel naar het losse deel monteren
 von dem festen Teil mit dem beweglichen Teil befestigen
 mounting the fixed part to the moving part
 de montage de la partie fixée à la partie mobile

Doorboren in kolom
 Durchbohren in Spalte
 Pierce in column
 Percer dans le poteau

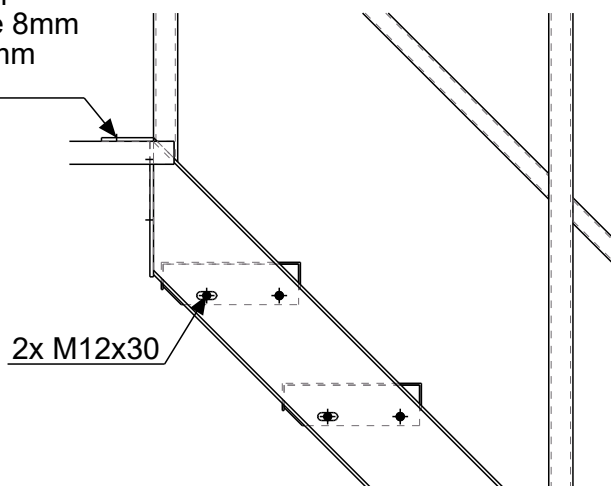

2x M12x160 +ring
 2x M12x160 +anneau

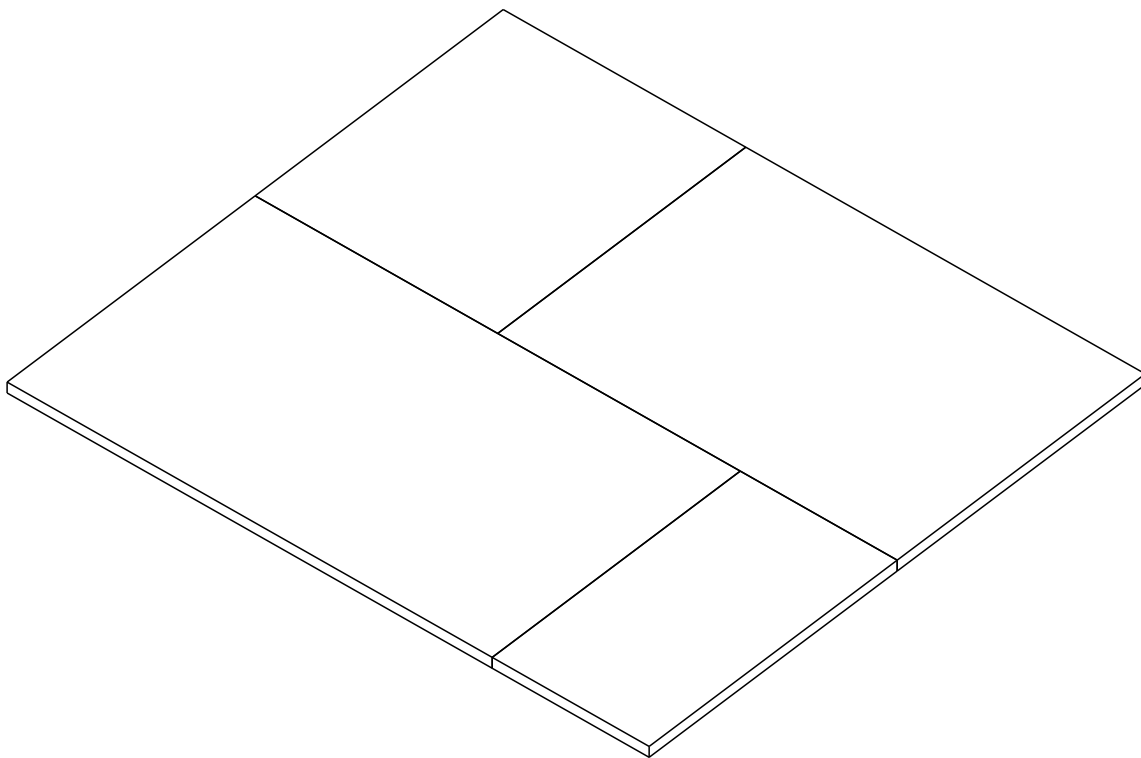

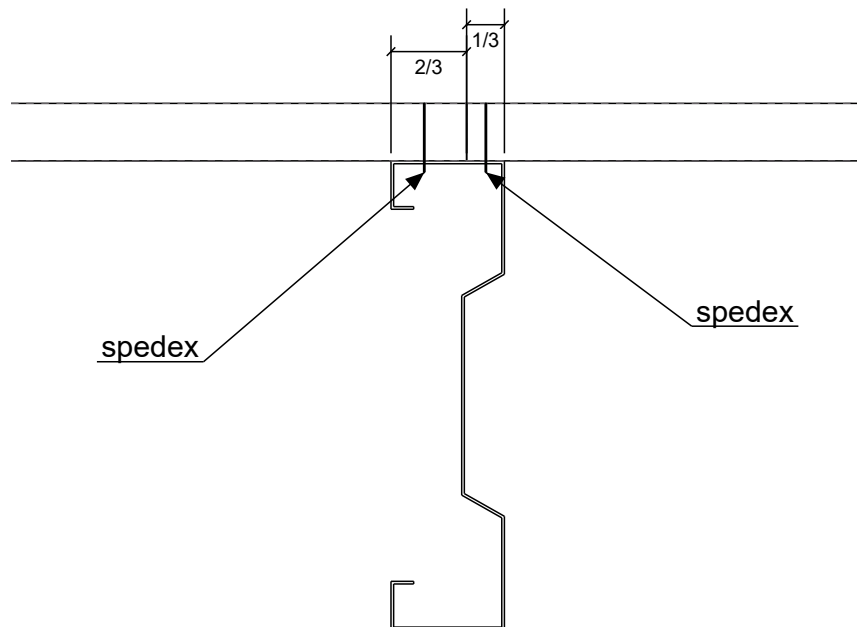

Verbinding trap Verbindung Treppe Connection Stairway Assemblage escalier

houtdraadbout 8mm
 Holzdreht Schraube 8mm
 wood thread bolt 8mm
 tirefond 8mm

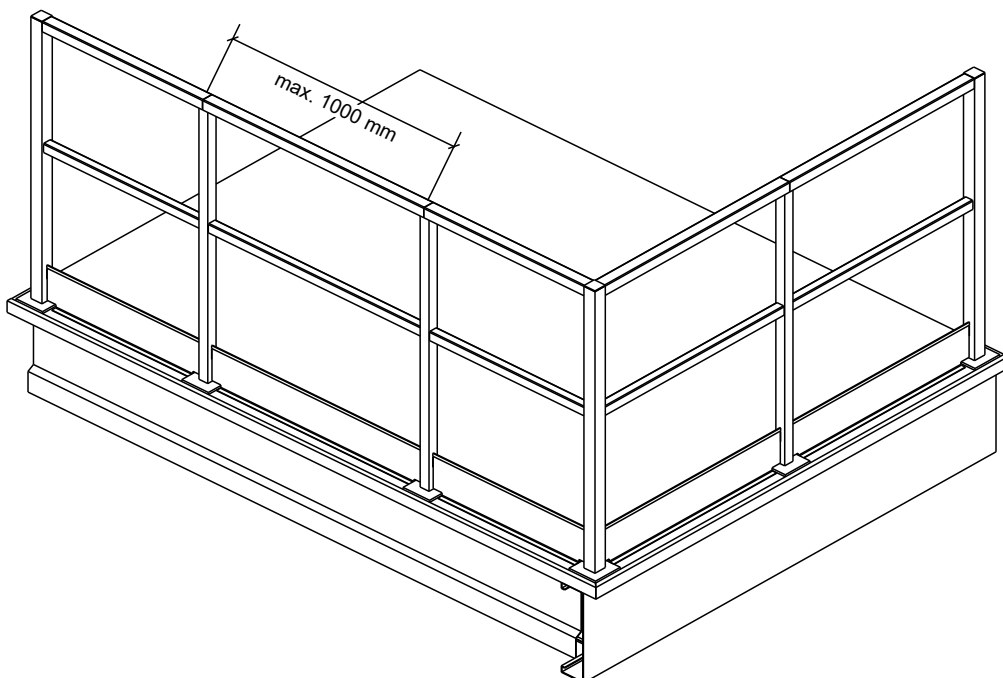

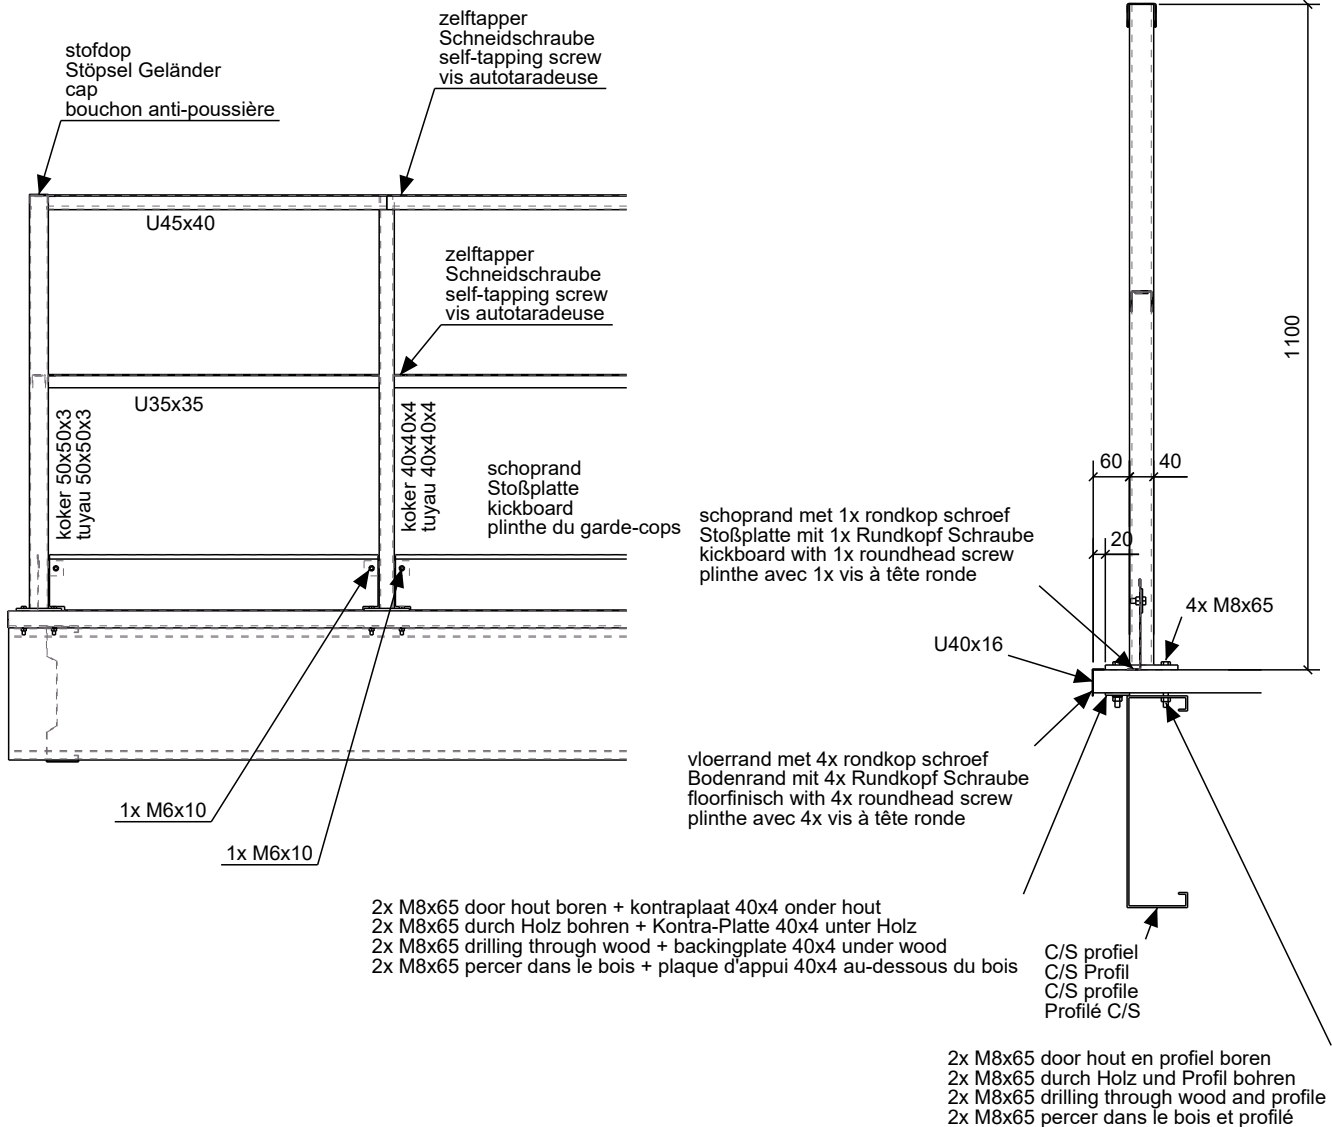

Verbinding vloerplaten
Verbindung Bodenplatte
Connection floorplates
Assemblage panneaux du plancher

vloer trapsgewijs en bevestigen met 2x spedex schroef per kinderbalk
Boden Kaskadierende und befestigen mit 2x Spedex Schraube pro Querträger
floor cascading and fasten with 2x spedex screw per secondary beam
plancher à coupe de pierre et fixer avec 2x vis spedex par solive

Verbinding hekwerk Verbindung Geländer Connection railing Assemblage garde-corps

Verbinding ketting van palletopzetplek met ketting
 Vervbindung Kette von palettenabstellplatz mit kette
 Connection chain from pallet placement point with chain
 Assemblage chaîne l'emplacement de la manutention des palettes et chaîne

Moer M6 2x
 Mutter M6 2x
 Nut M6 2x
 Écrou M6 2x

Ketting Rood/Wit
 Kette rot/weiß
 Chain Red/White
